PREFACE

This body of work has taken 38 years of record searching in courthouses, interviews with living relatives, cemeteries, microfilm reading of census records, deeds and most important of all...libraries from the local town library to the National Archives, resources gathered from all over Missouri and Tennessee.

I have had help from many researchers sharing their research over the years with the intent that one-day, I would be able to compile and share what was found with others. It is with great pleasure I am able to share this accumulative descendant research in this comprehensive volume of work.

First and foremost, please make copies of this file for future preservation.

[6] The end of the book has the author's short biography explaining his interest and qualifications in family history research.

I hope you will share this book with others in your family and it will become a family treasure.

Any questions you may have concerning information in this book can be asked of the author either at his home address: Floyd Pratt, 15434 East Ford Circle Apt A-1, Aurora, Colorado 80017 or by phone 941.209.1701 or by email floydpratt59@gmail.com.

It is and always has been my desire to share what I have found with others so they may use our research as a springboard to launch their family histories. Only through knowing our ancestors...can we know ourselves.

A rose by any other name...

Fellow researcher, Karyn Davies [azkaryn@yahoo.com] stated the following... **"I suspect, but have no proof, that his middle name was Lohr, after his mother's maiden name."** I agree with Karyn and it is logical, I suggest, by checking each and every deed and court record in Bourbon and Harrison Counties of Kentucky, followed by the same scrutiny in Washington County, Missouri might reveal Henry's full name. Also, investigating church records in Baltimore should reveal his birth and baptismal records, which in turn would give us his full name.

researching the Isgriggs family surname, pronounced "Is-griggs" one has to be flexible to variations. Many of the Isgriggs ancestors pronounced their surname with such a southern drawl, as to render the name unrecognizable, confusing the writer into believing it was a new name altogether.

Some documents and records used Isgriggs, Isgrig, Isgregg, Isgreggs and all manner of pronunciations. One has to remember, back in the day, so many of our American ancestors were uneducated and they spelled and pronounced their names phonetically without regard to the actual official and legal family spelling.

Some even became creative and added additional characters or eliminated characters in the

Henry L. Isgriggs and Descendants

surnames to suit their whims. So, when you are looking for family records, remove your years of education from your mind, and reduce your thinking to a fourth grader or less and think phonetically.

How would they pronounce their surname if they, [1] slurred their words, [2] spoke too quickly, [3] talked with their mouth full, [4] spoke too quietly, [5] had tobacco in their mouth [6] was drunk and/or [5] didn't care if the census taker got their name correct or not.

In any case be flexible...like flowing water and let the surname flow off the tongue as if you really didn't care how your surname was spelled and I think you will be able to decipher some of these twisted, convoluted and distorted surnames and in the process, discover new ancestor records you thought were lost. 1783 Official end of the American Revolutionary War

In London, as political support for the war plummeted after Yorktown, British Prime Minister Lord North resigned in March 1782. In April 1782, the Commons voted to end the war in America. Preliminary peace articles were signed in Paris at the end of November, 1782; the formal end of the war did not occur until the Treaty of Paris (1783) (for the U.S.) and the Treaties of Versailles (for the other Allies) were signed on September 3, 1783. The last British troops left New York City on November 25, 1783, and the United States Congress of the Confederation ratified the Paris treaty on January 14, 1784.

1850-1860 Death of Henry L. Isgriggs

Henry Isgriggs died in Johnson Township, Washington County, Missouri, United States after the 1850 census and before the 1860 census. There is an internet death date of 30 December 1856 floating around and as usual with no supporting documentation. Checking the local newspapers at the time of his death 1850-1860 might reveal information as to his demise. The papers needing to be checked would be Sullivan, Steelville and Potosi papers. Locating his last known home residence in Johnson Township, Washington County through deed records might reveal a private cemetery on his property. Since Henry and Sarah have not been located in a public cemetery, would indicate they were buried on their home property. A man of his stature in the community and public importance by his contributions should have been acknowledged in writing by the local community.

Research Note

In order to advance the research on Henry & Sarah (**LEMON**) Isgriggs family, the courthouse records in Potosi, Washington County, Missouri are going to have to be researched in detail. This includes the court records, the marriage records, land and brand records and any other sources that may have had Henry Isgriggs as a participant. After all those records have been exhausted, then it is time to make a road trip to Harrison County, Kentucky. Since Henry and Sarah were

Henry L. Isgriggs and Descendants

married there in 1805, gives us a good indication that the Lemon family might have some descendants, who may have written family history books in the local library in the county seat of Cynthiana. Check all deed, marriage, court records and family history books in the libraries. This I have done on several of my lines and I think you may discover not only additional information concerning Henry and Sarah (**LEMON**)'s family but also several new generations. FTP

Karyn, one of the reasons I keep running across your handy-work in FAG...I am writing another Pratt Progenitor Papers book this one is Volume 51 Henry L. Isgriggs and Descendants.

Apparently he is part of your relatives because I am finding a great deal of your work in ancestry.com concerning his descendants. I want to thank you for all your hard work and contributions to ancestry.com and FAG. Without your help, I could not put closure on thousands of his descendants.

Because I investigate each one of his children, their spouses and his grand children and their spouses for 7 generations of descendants, I am finding new information concerning some of his descendants.

As a courtesy, when I visit a find-a-grave burial location of one of my subjects since FAG made it easier to link spouses and parents, I go ahead and use the edit feature to link as many as I can since I already have the information in my files. However, I am finding any link requests I make for someone buried in Washington County, never gets linked and my back log is now over 8 pages for that county.

I know he has bitten off more than he can handle and I guess the new editing features take up more time than he has. So, I will no longer link anyone in Washington county until the contributor or myself dies and FAG takes over his account.

In the meantime, keep up the good work, what we are doing concerning family history has eternal consequences in the spirit world and you will be thanked and honored by your ancestors when it is your time to cross the veil. Floyd Thomas Pratt F.H.C., M.A.G.I.

Hi Floyd, It's good to hear from you and I appreciate your input on any of my research. Yes, you are correct in that I am a direct descendant from the Isgrigg line. Henry L. Isgrigg was my 4th great grandfather. I am happy to help you with anything I can if you have questions.

I suspect I know who you're talking about on FAG and I've been extremely frustrated with them too that they have a lot of incorrect information and don't link families. I don't know what we can do about it unfortunately. I hate seeing misleading information.

I corrected Effie Crow Schweiders burial to Steelville Cemetery. I'm glad you caught that and I'm not sure how I made that mistake. Effie was my moms aunt and they were very close.

Keep up your research, and again, if I can help you with the Isgrigg line I'm happy to! Karyn Davies

Karyn, which line do you descend from Henry Isgriggs? I am currently updating Mary "Polly" (**ISGRIGGS**) Hughes Hyde children. I just finished Benjamin Floyd Crow and took his wife: Frances Irene (**PETERSON**)'s line two more generations back to O. Emile & Julian Juliett "Ellie" (**BENNETT**) Peterson.

Turns out I had done some work on this Bennett line before and was already familiar with Juliett's grandparents; Joshua & Esther (**SMITH**) Bennett from Mansfield City, Tolland County, Connecticut, United States.

Juliette's sister: Saloma (**BENNETT**) Woodcock is also buried in the Anaconda Cemetery.

I saw on ancestry.com you had downloaded a copy of my Cradle to Grave (C2G) Profile info on Henry L. Isgriggs. Since you have helped me so much with a great deal of work in the Washington, Franklin and Crawford County area with our people, I am enclosing Henry's C2G profile.

When I create these profiles, I can then use the information to create books found in The Pratt Chronicles Series. I am also enclosing the book... **Columbus Benjamin Alexander Pratt of The Pratt Chronicles Series**... so you can see the type of work I do for that series. You will need to download these files to your computer.

Once again thank you for your help and assistance. When I get PPP Volume 51 finished on Henry L. Isgriggs I will let you know. Thanks, Floyd

PS: You probably wonder how I can get Townships and exact locations for anywhere in the United States when I post my material. The following website is the answer. At the top of the page it starts out with the United States. Put your cursor on the United States tab and it will drop down a list of states. Go to the state and then it will drop down a list of counties. After the State and county is displayed it will give you a list of cities and cemeteries.

When you list the city, it usually gives you the city, the township, the county, the state followed by the United States. I copy the whole line and remove the Township to just Twp and remove the word county. Now you know my secret. Once I list that location in my Legacy program it always gives me the correct location without retyping the entry. If Histopolis does not show the location or you don't know the county of the city, Google the city and state and Wikipedia will give you the county then go back to Histopolis and you should be able to find the city and the township. Once you have the location scroll down and it will show you the nearest cities and cemeteries to that location. Good Luck. Glad to be of help. Floyd <http://www.histopolis.com/Place/US>

Email 13 July 2014 from Karyn Davies azkaryn@yahoo.com

Hi Floyd, Thank you for attaching your file on Henry L. Isgrigg, who was my 4th great grandfather. I suspect, but have no proof, that his middle name was Lohr, after his mother's maiden name. Just a guess unfortunately, so I haven't added it onto my Ancestry page.

Henry L. Isgriggs and Descendants

My Isgrigg descendancy is as follows:

7. Henry L. Isgrigg
6. William Henry Isgrigg (married Violetta "Lettie" Silvers - the middle name of Charlotta is incorrect. There was a Charlotta with similar dates, but an entirely different person and unrelated)
5. Margaret Evelyn Isgrigg (married Benjamin Franklin "Frank" Reeves)
4. Gertrude Reeves (married Benjamin Franklin Crow -- it was the second marriage for Ben, who's first wife was Frances Lee Hyde, daughter of Mary Polly Isgrigg who was of course, the daughter of Henry L. Isgrigg above.
3. Vera Crow (married William Henry Jones, and 2nd Arthur Goertzen)
2. Geraldine Jones (living, my mother)
1. (myself) Karyn Denise Persall Davies

I am curious about several things on the C2G Profile on Henry, and would really appreciate your input. Most important, I have never found a death date or anything related to his death or burial. How did you find it?? And, it states the date is from an obituary, headstone, and funeral home records? I would be eternally grateful if you would be willing to share these with me. I am quite impressed that you found these!!

Another thing I'm curious about is Jane "Jinsy". We have differing dates and information on her. I have her born at a later date - 1827 and with a death date of 1908. There is a Jane " Gramma Gincy" nee Gilstrap Summers (wife of Ninevah Summers) with the same dates you have of 05 Oct 1813/08 Oct 1885. She is buried in Antioch Cemetery in Macon Co MO, FAG #63275839. Her death record is also available on Ancestry. The information I have on Jane Isgrigg is that she married Samuel R. Summers in Washington Co, MO on 28 May 1828. Please let me know if you believe I am incorrect. There is the possibility that the maiden name of Gilstrap is incorrect and the attached husband with the name of Nineveh on the FAG memorial. FAG has many errors unfortunately.

Thank you again for your input. As I said before, I am happy to share any and all information I have on my Isgrigg, Reeves, Crow, and Sullivan lines (and others as they branch out). I'm sure you know as well that we are pretty much related to everyone in Crawford, Washington, and Franklin Co, in one way or another, sometimes several different ways in fact!

Email 14 July 2014 to Karyn Davies azkaryn@yahoo.com

Karyn, thank you...good eye, the purpose of a C2G profile is to document all sources and I can see concerning Henry's death requires further explanation. I can't seem to find where that date originated so I have removed it and placed 1850-1860 in its place. Probably, when I proofread his profile before publication I would have found the discrepancy, so I have included the following under his death heading.

"Henry Isgriggs died in Johnson Twp, Washington, Missouri, United States after the 1850 census and before the 1860 census. There is an internet death date of 30 December 1856 floating around and as usual with no supporting documentation. Checking the local newspapers at the time of his death 1850-1860 might reveal information as to his demise. The papers needing to be checked would be Sullivan, Steelville and Potosi papers. Locating his last known home residence in Johnson Township, Washington County through deed records might reveal a private cemetery on his property. Since Henry and Sarah have not been located in a public cemetery, would indicate they were buried on their home property. A man of his stature in the community and public

Henry L. Isgriggs and Descendants

importance by his contributions should have been acknowledged in writing by the local community."

Also, I created a heading stating the following...

A rose by any other name...

Fellow researcher, Karyn Davies [azkaryn@yahoo.com] stated the following..." **I suspect, but have no proof, that his middle name was Lohr, after his mother's maiden name.**" I agree with Karyn and it is logical, I suggest by checking each and every deed and court record in Bourbon and Harrison Counties of Kentucky, followed by the same scrutiny in Washington County, Missouri might reveal Henry's full name. Also, investigating church records in Baltimore should reveal his birth and baptismal records, which in turn would give us his full name.

When I complete my investigation of Jane "Jincy or "Gincy" (**ISGRIGGS**) I will give you my report shortly.

I have completed my investigation of Benjamin Franklin "Frank" and Frances Lee "Fanny" (HYDE) Crow family but since I see you have a direct vested interest in the Benjamin Franklin "Frank" and Gertrude "Gertie" (**REEVES**) Crow family, then I will expand my research to include this family also. Of course, since Gertie's mother Margaret Evelyn "Maggie" (ISGRIGGS) Reeves is a direct line descendant of Henry L. Isgriggs, this information will also be in Henry's book. Thanks, will be in touch. Floyd

Henry married **Sarah "Sallie" (LEMON)**, daughter of **William Lemon** and **Unknown**, on 25 December 1805 in Harrison, Kentucky, United States. 1783 Official end of the American Revolutionary War

In London, as political support for the war plummeted after Yorktown, British Prime Minister Lord North resigned in March 1782. In April 1782, the Commons voted to end the war in America. Preliminary peace articles were signed in Paris at the end of November, 1782; the formal end of the war did not occur until the Treaty of Paris (1783) (for the U.S.) and the Treaties of Versailles (for the other Allies) were signed on September 3, 1783. The last British troops left New York City on November 25, 1783, and the United States Congress of the Confederation ratified the Paris treaty on January 14, 1784.

1794 Creation of Harrison County, Kentucky

Harrison County is a county located in the U.S. state of Kentucky. It was formed in 1794. As of 2010, the population was 18,846. Its county seat is Cynthiana. The county is named for Colonel Benjamin Harrison, an advocate for Kentucky statehood, framer of the Kentucky Constitution, and Kentucky legislator.

Research Note

Located in the 1800 Harrison County, Kentucky State census records are several Lemon families; Catherine, David, Jacob, James and John. Without seeing the actual census records we can't be sure which one would have a 13 year old daughter who would be our Sarah. Checking those records might get us lucky or several of those men could have several daughters in those age brackets. A road trip to Harrison County, Kentucky is necessary in order to discover her parentage.

Research Note

With the John J. Jackley family living next door in the 1850 census presents some intriguing questions. They have a son Richard L. Jackely aged 4 months who happens to be living with his sister, Margaret in the 1860 census with the Samuel Summers family near Brownville Post Office, Nemaha, Nebraska Territory. The parents of the Jackley children are not listed. John J. Jackley

Henry L. Isgriggs and Descendants

must have made an impression on Samuel and Jency because they named one of the children; John J. Summers in 1847. This means the Summers family knew the Jackley family in 1847. We have a missing daughter, born 1828-1830 in the Summers family according to the 1830 census and I wonder if Martha Jackley age 20 in the 1850 census is that missing daughter. Looking for a marriage record for Jackley, Jackly provided no answers. No one else on ancestry.com knows anything about the Jackley family from Switzerland living in Liberty Twp, Washington County, Missouri. It appears that John J. and Martha J. Jackley died between 1852 after the birth of daughter; Margaret and before the 1856 Nebraska state census where the Summers family has moved. Checking find-a-grave I found no references to Washington County, Missouri Jackley burials. Therefore, until we can find a marriage record for John and Martha we really won't know their relationship to the Samuel Summers family. FTP 2013

UpDate

I was right. I decided to google John J. Jackley on the internet and found a family entry stating that his widow; Martha Jane (**SUMMERS**) Jackley married Major Daniel "Dan" Leonidas McGary circa 1859 in Brownsville, Cameron, Texas, United States. They raised a large family and I also found her obituary at FAG stating her parents were Mr. & Mrs. Samuel R. Summers family of Washington County, Missouri. This verifies my suspicion that the daughter born 1828-1830 was indeed Martha Jane (**SUMMERS**) who first married John J. Jackley circa 1858-1859 and had two children listed above. Richard Lee Jackley married Imogene (**BARNES**) and died in Dallas, Texas, Margaret "Maggie" J. (**JACKELY**) married _____ Lemon and was living in Fort Worth when her mother died in 1902. Therefore, the mystery of missing daughter and the Jackley children has been solved.

Martha married **John Robert Vassar**, son of **Samuel Jenkins Vassar** and **Sarah (ROBERTS)**, on 6 May 1866 in Holt, Missouri, United States. John was born on 10 June 1842 in Clinton, Missouri, United States, died on 20 October 1909 in Boise, Ada, Idaho, United States at age 67, and was buried on 21 October 1909 in Canyon Hill Cemetery, Caldwell, Canyon, Idaho, United States.

Much confusion surrounds the birth location of John Robert Vassar. In 1835, his father; Samuel bought property in Clinton County, Missouri where he shows up in the 1840 census. Checking the deed records in Clinton County might reveal when Samuel disposed of his property giving us a departure date before he shows up in the 1846 Wapello, Iowa State census. Some have recorded John's birth location as in Worth County, Missouri.

Worth County, Missouri is in the extreme northwest of Missouri on the border of Missouri and Iowa. Clinton County, Missouri is located several counties south of Worth County. Wapello County, Iowa is located in the lower middle of Iowa State.

If Samuel sold his property in Clinton County, Missouri before the birth of John in 1842 and took a northerly direction from Clinton County he could have crossed Worth County on his way into Iowa. Crossing the Iowa border, taking an easterly direction he ended up in Wapello County, Iowa for the 1846 state census. In other words, I am not ruling out the Worth County birth location for John Robert Vassar, but at present the evidence suggests he was born in Clinton County, Missouri. Isgriggs Family Cemetery by Floyd Thomas Pratt F.H.C., M.A.G.I. 2008

Isgriggs Family Cemetery, Boone Twp, Crawford, Missouri, United States. Take highway "D" south of Sullivan around the curve it turns and becomes Rock Road. On the right is the Falloon Farm. This cemetery is located on the left of Rock Road across from the Hyde Family Cemetery on Hyde Branch Creek.

This location was obtained from the Missouri Corps of Engineers from a map they produced of cemeteries that were going to be inundated due to the failed Meramec Lake Project of 1975.

In 1975, before the Missouri Corp. of Engineers decided to flood the Washington and Crawford County areas for the proposed Meramec Lake Project, they took a name only census of all the cemeteries that were going to be flooded. Working with their regional representatives, a husband and wife team; the Immekus', I obtained a list and maps of all the affected cemeteries.

All these cemeteries were going to be washed away when flooded, so, in compliance with the law, the Corp. published in the various local newspapers, notices advising family, friends and interested parties to remove their family from those cemeteries. I began a full name and full date census count of each and every cemetery...all 35 of them.

The local citizenry did not want their hills and valley's flooded into Meramec Lake, so they worked hard to defeat this project and after several years, they were successful. However, the Corp of Engineers did not sell back the land they had acquired for the proposed lake project to the people

Henry L. Isgriggs and Descendants

but kept all the land within the possession of the government. The Corp of Engineers increased the boundaries of the Meramec State Park with land they bought for the proposed lake project.

In those years, I drove from St. Peters, Missouri where I lived, out to those cemeteries and recorded what I saw on those headstones. This cemetery is one of those cemeteries. After discovering Find-A-Grave, in 2007, which is a perfect vehicle for posting my cemetery census work, I have now been trying to download and update what I saw back in 1985. Many of those graves are now lost except for my notes.

However, it took several years to defeat this proposal and not knowing if we were going to be successful, I decided, using the maps, to see the headstones myself in 1985. However, it appears when the Corp published their intentions to flood these cemeteries, several family members moved their loved one's headstones to different cemeteries. Whether or not they removed the remains is unknown, however, this is the original resting place for these ancestors and since the Meramec Lake Project never took place, it is probably where many of our ancestors are still buried. If you notice Laura is missing in the 1850 census. She should be 10 years old however, all the other children have been accounted for.

1851 Childbirth of brother; John E. Isgriggs

John E. Isgriggs was born in Liberty Twp, Crawford, Missouri, United States on 6 March 1851 and died 2 December 1854.

1854 Childbirth of brother; Thomas J. Isgriggs

Thomas J. Isgriggs was born in Liberty Twp, Crawford, Missouri, United States on 1854.

1862 Childbirth of daughter; Laura L. (ENGLISH)

Laura L. (**ENGLISH**) was born in near Bourbon Post Office, Boone Twp, Crawford, Missouri, United States on 29 November 1862.

1864 Childbirth of daughter; Violet Charlotta "Lettie" (ENGLISH)

Violet Charlotta "Lettie" (**ENGLISH**) was born in near Bourbon Post Office, Boone Twp, Crawford, Missouri, United States circa 1865.

Research Note

Not being able to locate Laura (**ISGRIGGS**) in the 1860 census would indicate maybe she married prior to the census and is listed under her 1st husband's

Henry L. Isgriggs and Descendants

surname. Also, I was unsuccessful in locating her marriage record to Hiram English, which should have been a couple of years before the birth of daughter; Laura L. (**ENGLISH**) on 29 November 1862.

In the 1870 Federal Census of Boone Twp, Crawford, Missouri, United States, house 96:

ISGRIGG, William w m 60; Choletta w f 55; William J. w m 28; Fanny w f 14;

ENGLISH, Laura w f 9; Lettie w f 5

[William was born in Ohio, the rest in Missouri.]

Research Note

Laura and Lettie are living with their grandparents on their mother...Laura (**ISGRIGGS**)'s side. This is evident as stated on daughter; Laura L. (**ENGLISH**) Fitzwater Lehnher's Illinois Death Index stating her mother was Laura Isgregg. Since grandparents; William and Violet (**SILVERS**) Isgriggs state in the 1880 census they are Lettie's grandparents would indicate Laura (**ISGRIGGS**) was their daughter whom married Hiram English circa 1860-1862. Also, in the same census William states Laura and Lettie were born in Missouri.

Concerning Hiram English, no luck in finding him in the census. If he married Laura (**ISGRIGGS**) as indicated, then when the Civil War broke out, his father-in-law; William Henry Isgriggs enlisted in 1863 and maybe so did son-in-law; Hiram English.

Until we can locate some newspaper articles to determine what happened to Hiram and Laura (**ISGRIGGS**) English, including their marriage record, no one on ancestry.com has any data on this couple or their demise.

Laura married **Hiram English** in 1860-1862. Hiram died from 1864 to 1870.

As a Find A Grave contributor, you can build Virtual Cemeteries to group listings in whatever way you would like. For example, you might make a 'Smith Family Virtual Cemetery' where you would place all of the members of your Smith family tree. Other examples: 'My Favorite Actors' or 'Memorials I Visit Often'. Be creative! A VIRTUAL CEMETERY HAS NO RELATION TO A REAL CEMETERY! People listed in your VIRTUAL cemeteries can be buried in many different REAL cemeteries. You can add any name in the Find A Grave database to the Virtual Cemeteries you create. You can choose to make your Virtual Cemeteries visible to the visitors of your Find A Grave contributor page so that others can view the collections you have created.] fade=[on] fadespeed=[.09]"?ntbl Created by: [sunlvr <fg.cgi?page=mr&MRid=46935929>](http://www.addthis.com/bookmark.php?v=250&pubid=ra-4f60bb8c15ac2b31) Record added: Sep 22, 2011 Find A Grave Memorial# 76930263

Elisha H. Thornhill was born in Calvey Twp, Franklin, Missouri, United States on 3 February 1851-1853.

Since we can't seem to pinpoint down Elisha's birthdate, this presents a problem with identifying his mother. Did Sarah Ann (**JONES**) Thornhill die from childbirth complications with Elisha's birth or is he the son of Sarah Ann (**MURPHY**) Thornhill? His death certificate misidentified his mother by listing his wife as his mother. He married Mary Elizabeth (**PERKINS**) so she could not be his mother. Therefore we do not know to whom to assign him as a son.

Research Note

With the John J. Jackley family living next door in the 1850 census presents some intriguing questions. They have a son Richard L. Jackely aged 4 months who happens to be living with his sister, Margaret in the 1860 census with the Samuel Summers family near Brownville Post Office, Nemaha, Nebraska Territory. The parents of the Jackley children are not listed. John J. Jackley must have made an impression on Samuel and Jency because they named one of the children; John J. Summers in 1847. This means the Summers family knew the Jackley family in 1847. We have a missing daughter, born 1828-1830 in the Summers family according to the 1830 census and I wonder if Martha Jackley age 20 in the 1850 census is that missing daughter. Looking for a marriage record for Jackley, Jackly provided no answers. No one else on ancestry.com knows anything about the Jackley family from Switzerland living in Liberty Twp, Washington County, Missouri. It appears that John J. and Martha J. Jackley died between 1852 after the birth of daughter; Margaret and before the 1856 Nebraska state census where the Summers family has moved. Checking find-a-grave I found no references to Washington County, Missouri Jackley burials. Therefore, until we can find a marriage record for John and Martha we really won't know their relationship to the Samuel Summers family. FTP 2013

UpDate

I was right. I decided to google John J. Jackley on the internet and found a family entry stating that his widow; Martha Jane (**SUMMERS**) Jackley married Major Daniel "Dan" Leonidas McGary circa 1859 in Brownsville, Cameron, Texas, United States. They raised a large family and I also found her obituary at FAG stating her parents were Mr. & Mrs. Samuel R. Summers family of Washington County, Missouri. This verifies my suspicion that the daughter born 1828-1830 was indeed Martha Jane (**SUMMERS**) who first married John J. Jackley circa 1858-1859 and had two children listed above. Richard Lee Jackley married Imogene (**BARNES**) and died in Dallas, Texas, Margaret "Maggie" J. (**JACKLEY**) married _____ Lemon and was living in Fort Worth when her mother died in 1902. Therefore, the mystery of missing daughter and the Jackley children has been solved.

I am trying to find information on Gincy, or Jane. Also, she died before Samuel; I thought I found Samuel in another state with another wife. I have been searching for Samuel's grave. Jane's is overlooking the Missouri River, or near it. I would surely appreciate any help or information you can give me. In return, I can follow the descendancy of her son William, who died in Los Angeles CA. My email is bharvey@sonnet.com. Thank you, Barbara Harvey

With the John J. Jackley family living next door in the 1850 census presents some intriguing questions. They have a son Richard L. Jackely aged 4 months who happens to be living with his sister, Margaret in the 1860 census with the Samuel Summers family near Brownville Post Office, Nemaha, Nebraska Territory. The parents of the Jackley children are not listed. John J. Jackley must have made an impression on Samuel and Jency because they named one of the children; John J. Summers in 1847. This means the Summers family knew the Jackley family in 1847. We have a missing daughter, born 1828-1830 in the Summers family according to the 1830 census and I wonder if Martha Jackley age 20 in the 1850 census is that missing daughter. Looking for a marriage record for Jackley, Jackly provided no answers. No one else on ancestry.com knows anything about the Jackley family from Switzerland living in Liberty Twp, Washington County, Missouri. It appears that John J. and Martha J. Jackley died between 1852 after the birth of daughter; Margaret and before the 1856 Nebraska state census where the Summers family has moved. Checking find-a-grave I found no references to Washington County, Missouri Jackley burials. Therefore, until we can find a marriage record for John and Martha we really won't know their relationship to the Samuel Summers family. FTP 2013

Research Note

Newspapers in Nemaha County, Nebraska needs to be studied to find out more on Samuel R. Summers death. A distinguished citizen as himself should have a write-up in the papers. It appears after his death his children scattered, some into Texas and others probably with gold fever out west. Lost this family in the 1870 census, which would have been vital to establishing his residency. Many went to California for gold, I hope he didn't die on the way out or the way back. With the John J. Jackley family living next door to the Samuel Summers family in the 1850 census presents some intriguing questions. They have a son Richard L. Jackely aged 4 months who happens to be living with his sister, Margaret in the 1860 census with the Samuel Summers family near Brownville Post Office, Nemaha, Nebraska Territory. The parents of the Jackley children are not listed. John J. Jackley must have made an impression on Samuel and Jency because they named one of the children; John J. Summers in 1847. This means the Summers family knew the Jackley family in 1847. We have a missing daughter, born 1828-1830 in the Summers family according to the 1830 census and I wonder if Martha Jackley age 20 in the 1850 census is that missing daughter. Looking for a marriage record for Jackley, Jackly provided no answers. No one else on ancestry.com knows anything about the Jackley family from Switzerland living in Liberty Twp, Washington County, Missouri. It appears that John J. and Martha J. Jackley died between 1852 after the birth of daughter; Margaret and before the 1856 Nebraska state census where the Summers family has moved. Checking find-a-grave I found no references to Washington County, Missouri Jackley burials. Therefore, until we can find a marriage record for John and Martha we really won't know their relationship to the Samuel Summers family. FTP 2013

I was right. I decided to google John J. Jackley on the internet and found a family entry stating that his widow; Martha Jane (**SUMMERS**) married Major Daniel "Dan" Leonidas McGary circa 1859 in Brownsville, Cameron, Texas, United States. They raised a large family and I also found her obituary at FAG stating her parents were Mr. & Mrs. Samuel R. Summers family of Washington County, Missouri. This verifies my

suspicion that the daughter born 1828-1830 was indeed Martha Jane (**SUMMERS**) who first married John J. Jackley circa 1847-1848 and had two children listed above. Richard Lee Jackley married Imogene (**BARNES**) and died in Dallas, Texas, Margaret "Maggie" J. (**JACKELY**) married _____ Lemon and was living in Fort Worth when her mother died in 1902. Therefore, the mystery of Jackley children has been solved.

Martha Jane Summers McGary Birth: May 25, 1829 Washington County Missouri, USAntbl Death: Mar. 17, 1902 Beaumont Jefferson County Texas, USAntbl SHE IS GONE CAULD, Could now those rosy lips I aft had kissed sae fondly, And closed for aye, the sparkling glance That dwelt on me sae kindly At their home in Beaumont the 17th of this month of March, 1902, just as the sun was sinking below the western horizon, the vital spark went out from the mortal frame of Mrs. Martha Jane McGary, for forty three years the loved and loving wife of Daniel Leonidas McGary FAG#34075891, editor of the Beaumont Age. Deceased was born of Kentucky parents – Mr. and Mrs. Samuel R. Summers in Washington County, Missouri, on the 25th of May, 1832. Had her life been a little longer spared, she would have reached the Palmists limit three score and ten. In 1859, newly wedded, she came overland with her husband from Nebraska to Texas, where she resided continuously until her death. Of seven children born of that union, four survive. They are Percy McGary FAG#46406163, editor of The Cold Springs Sentinel; Samuel Hopkins McGary FAG#34076928, editor and proprietor of The Beaumont Daily Journal; Mrs. Annie Statira Baker FAG#34080784, wife of Eugene H. Baker, of Folsom, New Mexico; and Mrs. Martha Vibella Foster FAG#34074962, wife of Samuel W. Foster FAG#34074761, of Beaumont. Surviving her are also two children by a former husband. They are Richard Lee Jackley, of Weatherford, and Mrs. Maggie Lemmon, of Fort Worth. Reared and living in the humble walks of life, deceased was contented with her own good and never envied the good that others had. Her heart was the abode of kindness, and, as opportunity and means allowed, to relieve suffering was her delight. For more than forty years, with her husband, in loving trust and tenderness, she had traveled along the journey of life. When two lives are so joined and interwoven, it is difficult to take one without leaving the other broken and bleeding. The loved ones left behind will cling to her memory, and loving hands will strew with flowers the turf that covers her grave. --The Beaumont Age REGRETTE IN HOUSTON -- Sorrow and Sympathy Over the Death of Mrs. D.L. McGary The death of Mrs. D. L. McGary, wife of Uncle Daniel McGary, is announced to have occurred at the family home in Beaumont last night, at the age of 70 years, after a very brief illness. The family resided here for many years and Mrs. McGary was an avowed Christian lady – ever active in good works and had a wide circle of friends who became endeared to her and regret deeply her death. The bereaved husband who has lost a companion and helpmate of nearly fifty years of domestic life has the sympathy of many friends and acquaintances in his weight of grief, especially at his age – a few months senior of his departed wife. --The Houston Herald MRS MARTHA J MCGARY died last night at 6:30 -- Typhoid Fever the Cause Mrs. Martha J McGary, wife of Daniel L. ntbl Birth: Jan. 28, 1833 Madisonville Hopkins County Kentucky, USA ntbl Death: Apr. 22, 1902 Beaumont Jefferson County Texas, USA ntbl **Daniel Leonidas McGary**, deceased, was born at Madisonville, Ky., in Jan., 1834, and died in Beaumont, Tex., Apr. 22, 1902. His ancestors were among the pioneers of Kentucky. His great grandfather, Hugh McGary, accompanied Daniel Boone to the "dark and bloody ground" and took the first Bibles into that section. The parents of Daniel L. McGary died when he was very young, and when old enough he was sent to St. Louis and placed in the commercial house of relatives, where he clerked by day and studied law by night. After finishing his law studies, he removed to Nebraska territory, and May 10, 1855, was appointed the first United States district attorney of Nebraska territory for the southern district. According to his son, he was intimately associated with J. Sterling Morton <<http://www.findagrave.com/cgi-bin/fg.cgi?page=gr&GRid=6580321>> and for a time assisted in the publication of the Nebraska City News. In the later '50s Mr. McGary was married to Mrs. R. L. Jackley <<http://www.findagrave.com/cgi-bin/fg.cgi?page=gr&GRid=34076011>>, a widow, and the two, with their possessions in wagons, migrated to Uvalde, Tex., then an extreme frontier town. Here McGary practiced law and fought Indians until the Civil War commenced, when he moved his wife and two children to the home of Tacitus Clay <<http://www.findagrave.com/cgi-bin/fg.cgi?page=gr&GRid=32133924>>, an uncle living at Independence, Tex., and enlisted in the Confederate army. He fought until the close of the war, was several times wounded, but was never captured and never surrendered. He returned home, and remained until his death an unreconstructed rebel. Immediately after the war he established a weekly newspaper at Brenham, Tex., calling it the Southern Banner, the stars and bars being conspicuous in the headlines. He made life miserable for the carpet baggers who flocked to Washington county after the war, and was eventually thrown in jail for alleged inciting of rebellion. While in jail he was fed by the white people of Brenham, and continued to edit his paper from behind the bars. Later the "military boss" of the city detached a file of soldiers who burned the Banner office, and the same fire destroyed the entire business portion of the city, for which citizens of Brenham have unsuccessfully endeavored to secure relief from Congress. Mr. McGary also established a newspaper in Galveston and was for many years editor and proprietor of the Houston Age, a paper which had a national reputation, although insignificant in size. Throughout the state he was known as "Uncle Dan'l," and counted among his personal friends the most distinguished citizens of Texas. His wife died in Mar., 1902, and he never recovered from the shock of her death, and followed her to a grave in Magnolia cemetery, Beaumont, just four weeks later. Four children survive: Samuel H. McGary <<http://www.findagrave.com/cgi-bin/fg.cgi?page=gr&GRid=34076928>>, principal owner and manager of the Daily and Sunday Journal, Beaumont, Tex.; Mrs. S. W. Foster <<http://www.findagrave.com/cgi-bin/fg.cgi?page=gr&GRid=34074962>>, of Beaumont; Percy M. <<http://www.findagrave.com/cgi-bin/fg.cgi?page=gr&GRid=46406163>>, publisher of the Sentinel,

1858-1860 Death or Abandonment of spouse; Richard L. Summers

Richard L. Summers may have died or abandoned the family since he is not in the 1860 census and his wife and children are living with her parents. Therefore it appears he may have died.

next door to John J. [33] & Martha J. [20] (**SUMMERS**) Jackley family with their son Richard L. Jackely age 4 months.]

Research Note

With the John J. Jackley family living next door in the 1850 census presents some intriguing questions. They have a son Richard L. Jackely aged 4 months who happens to be living with his sister, Margaret in the 1860 census with the Samuel Summers family near Brownville Post Office, Nemaha, Nebraska Territory. The parents of the Jackley children are not listed. John J. Jackley must have made an impression on Samuel and Jency because they named one of the children; John J. Summers in 1847. This means the Summers family knew the Jackley family in 1847. We have a missing daughter, born 1828-1830 in the Summers family according to the 1830 census and I wonder if Martha Jackley age 20 in the 1850 census is that missing daughter. Looking for a marriage record for Jackley, Jackly provided no answers. No one else on ancestry.com knows anything about the Jackley family from Switzerland living in Liberty Twp, Washington County, Missouri. It appears that John J. and Martha J. Jackley died between 1852 after the birth of daughter; Margaret and before the 1856 Nebraska state census where the Summers family has moved. Checking find-a-grave I found no references to Washington County, Missouri Jackley burials. Therefore, until we can find a marriage record for John and Martha we really won't know their relationship to the Samuel Summers family. FTP 2013

UpDate

I was right. I decided to google John J. Jackley on the internet and found a family entry stating that his widow; Martha Jane (**SUMMERS**) Jackley married Major Daniel "Dan" Leonidas McGary circa 1859 in Brownsville, Cameron, Texas, United States. They raised a large family and I also found her obituary at FAG stating her parents were Mr. & Mrs. Samuel R. Summers family of Washington County, Missouri. This verifies my suspicion that the daughter born 1828-1830 was indeed Martha Jane (**SUMMERS**) who first married John J. Jackley circa 1858-1859 and had two children listed above. Richard Lee Jackley married Imogene (**BARNES**) and died in Dallas, Texas, Margaret "Maggie" J. (**JACKELY**) married _____ Lemon and was living in Fort Worth when her mother died in 1902. Therefore, the mystery of missing daughter and the Jackley children has been solved.

As a Find A Grave contributor, you can build Virtual Cemeteries to group listings in whatever way you would like. Be creative! A VIRTUAL CEMETERY HAS NO RELATION TO A REAL CEMETERY! People listed in your VIRTUAL cemeteries can be buried in many different REAL cemeteries. [Samuel and Gensy born in Kentucky, the rest in Missouri. Samuel is a farmer. Living next door to John J. [33] & Martha J. [20] (**SUMMERS**) Jackley family with their son Richard L. Jackely age 4 months.]

Research Note

With the John J. Jackley family living next door in the 1850 census presents some intriguing questions. They have a son Richard L. Jackely aged 4 months who happens to be living with his sister, Margaret in the 1860 census with the Samuel Summers family near Brownville Post Office, Nemaha, Nebraska Territory. The parents of the Jackley children are not listed. John J. Jackley must have made an impression on Samuel and Jency because they named one of the children; John J. Summers in 1847. This means the Summers family knew the Jackley family in 1847. We have a missing daughter, born 1828-1830 in the Summers family according to the 1830 census and I wonder if Martha Jackley age 20 in the 1850 census is that missing daughter. Looking for a marriage record for Jackley, Jackly provided no answers. No one else on ancestry.com knows anything about the Jackley family from Switzerland living in Liberty Twp, Washington County, Missouri. It appears that John J. and Martha J. Jackley died between 1852 after the birth of daughter; Margaret and before the 1856 Nebraska state census where the Summers family has moved. Checking find-a-grave I found no references to Washington County, Missouri Jackley burials. Therefore, until we can find a marriage record for John and Martha we really won't know their relationship to the Samuel Summers family. FTP

I was right. I decided to google John J. Jackley on the internet and found a family entry stating that his widow; Martha Jane (**SUMMERS**) Jackley married Major Daniel "Dan" Leonidas McGary circa 1859 in Brownsville, Cameron, Texas, United States. They raised a large family and I also found her obituary at FAG stating her parents were Mr. & Mrs. Samuel R. Summers family of Washington County, Missouri. This verifies my suspicion that the daughter born 1828-1830 was indeed Martha Jane (**SUMMERS**) who first married John J. Jackley circa 1858-1859 and had two children listed above. Richard Lee Jackley married Imogene (**BARNES**) and died in Dallas, Texas, Margaret "Maggie" J. (**JACKELY**) married _____ Lemon and was living in Fort Worth when her mother died in 1902. Therefore, the mystery of missing daughter and the Jackley children has been solved.

Esther married **Anderson McDaniel** on 10 March 1857 in Center Twp, Greene, Indiana, United States. Anderson was born about 1823 in South Carolina, United States.

Nebraska is a state on the Great Plains of the Midwestern United States. Its state capital is Lincoln, Nebraska. Its largest city is Omaha, which is on the Missouri River. The state is crossed by many historic trails, but it was the California Gold Rush that first brought large numbers here. Nebraska became a state in 1867.

- 47 M viii. **William Marion Summers** was born on 10 December 1841 in Liberty Township, Washington, Missouri, United States and died on 7 May 1933 in Los Angeles, Los Angeles Twp, Los Angeles, California, United States at age 91.

1841 Childbirth of William Marion Summers son of Samuel R. and Jane "Jincy"(ISGRIGGS) Summers

William Marion Summers was born in Liberty Twp, Washington, Missouri, United States on 10 December 1841.

[Samuel and Gensy born in Kentucky, the rest in Missouri. Samuel is a farmer. Living next door to John J. [33] & Martha J. [20] (_____) Jackley family with their son Richard L. Jackely age 4 months.]

Research Note

With the John J. Jackley family living next door in the 1850 census presents some intriguing questions. They have a son Richard L. Jackely aged 4 months who happens to be living with his sister, Margaret in the 1860 census with the Samuel Summers family near Brownville Post Office, Nemaha, Nebraska Territory. The parents of the Jackley children are not listed. John J. Jackley must have made an impression on Samuel and Jency because they named one of the children; John J. Summers in 1847. This means the Summers family knew the Jackley family in 1847. We have a missing daughter, born 1828-1830 in the Summers family according to the 1830 census and I wonder if Martha Jackley age 20 in the 1850 census is that missing daughter. Looking for a marriage record for Jackley, Jackly provided no answers. No one else on ancestry.com knows anything about the Jackley family from Switzerland living in Liberty Twp, Washington County, Missouri. It appears that John J. and Martha J. Jackley died between 1852 after

Henry L. Isgriggs and Descendants

the birth of daughter; Margaret and before the 1856 Nebraska state census where the Summers family has moved. Checking find-a-grave I found no references to Washington County, Missouri Jackley burials. Therefore, until we can find a marriage record for John and Martha we really won't know their relationship to the Samuel Summers family. FTP 2013

I was right. I decided to google John J. Jackley on the internet and found a family entry stating that his widow; Martha Jane (**SUMMERS**) Jackley married Major Daniel "Dan" Leonidas McGary circa 1859 in Brownsville, Cameron, Texas, United States. They raised a large family and I also found her obituary at FAG stating her parents were Mr. & Mrs. Samuel R. Summers family of Washington County, Missouri. This verifies my suspicion that the daughter born 1828-1830 was indeed Martha Jane (**SUMMERS**) who first married John J. Jackley circa 1858-1859 and had two children listed above. Richard Lee Jackley married Imogene (**BARNES**) and died in Dallas, Texas, Margaret "Maggie" J. (**JACKLEY**) married _____ Lemon and was living in Fort Worth when her mother died in 1902. Therefore, the mystery of missing daughter and the Jackley children has been solved.

1856 Childbirth of sister; Barbara L. (SUMMERS)

Barbara L. (**SUMMERS**) was born in Liberty Twp, Washington, Missouri, United States in 1856.

Research Note

Newspapers in Nemaha County, Nebraska needs to be studied to find out more on Samuel R. Summers death. A distinguished citizen as himself should have a write-up in the papers. It appears after his death his children scattered, some into Texas and others probably with gold fever out west. Lost this family in the 1870 census, which would have been vital to establishing his residency. Many went to California for gold, I hope he didn't die on the way out or the way back. Looks like someone needs to take a road trip. FTP

Research Note

With the John J. Jackley family living next door in the 1850 census presents some intriguing questions. They have a son Richard L. Jackely aged 4 months who happens to be living with his sister, Margaret in the 1860 census with the Samuel Summers family near Brownville Post Office, Nemaha, Nebraska Territory. The parents of the Jackley children are not listed. John J. Jackley must have made an impression on Samuel and Jency because they named one of the children; John J. Summers in 1847. This means the Summers family knew the Jackley family in 1847. We have a missing daughter, born 1828-1830 in the Summers family according to the 1830 census and I wonder if Martha Jackley age 20 in the 1850 census is that missing daughter. Looking for a marriage record for Jackley, Jackly provided no answers. No one else on ancestry.com knows anything about the Jackley family from Switzerland living in Liberty Twp, Washington County, Missouri. It appears that John J. and Martha J. Jackley died between 1852 after the birth of daughter; Margaret and before the 1856 Nebraska state census where the Summers family has moved. Checking find-a-grave I found no references to Washington County, Missouri Jackley burials. Therefore, until we can find a marriage record for John and Martha we really won't know their relationship to the Samuel Summers family. FTP 2013

I was right. I decided to google John J. They raised a large family and I also found her obituary at FAG stating her parents were Mr. & Mrs.

(**JACKLEY**) married _____ Lemon and was living in Fort Worth when her mother died in 1902. Therefore, the mystery of missing daughter and the Jackley children has been solved.

Research Note

Madison and Christina are the last entry on the last page (11) of the 1850 census of Johnson Township in Washington County, Missouri. It appears the censustaker failed to list their children since he was out of page room and instead of writing them on the next page, which should have been page 159b, he omitted the children from the record. Evidence of their existence is found in the 1860 census.

Find A Grave Errors

As usual, those who post information on Findagrave fail to do serious research on their postings. They either take the information from an unreliable death certificate or from an equally unreliable headstone. The only reason I bother to list the FAG postings in my C2G profiles is to validate the burial location of the deceased. All other information unless researched by a qualified family history researcher...supported with documentation and source references is questionable and should not be taken as accurate. The above FAG posting is one of those with errors and should not be considered factual. Floyd Thomas Pratt F.H.C., M.A.G.I.

1881 Biographical Sketch

1881 , Fayette Co., OH

CISMORE CARR *

Cismore [sic] Carr, farmer and stock raiser, Washington. His parents were Joshua and Susy Carr, who came from Virginia, to this county, in 1814. They are both dead. Mrs. Carr survived her husband many years. They were the parents of four children: two girls and two boys. Jason M., married and moved to the State of Missouri, and died there. Mary Susy [sic - Susie] was married to Captain E. Henkle, and died some years since. Their biography appears in this work. Mary Jane was married to Henry Baughn, and lives in the neighborhood. Cismore, the subject of this sketch, was born October 28, 1818, on the very spot of ground where he now resides. He spent his earlier years in the vicinity of his residence.

Mr. Carr remained unmarried until February 23, 1870, when he married Miss Margaret Jane Isgrig, daughter of Madison Isgrig of Missouri. They were married in Missouri, but came to his home in this county at once. They have four children: Christine Jane, Mary Susy, Wilber Jason and Harman [sic].

Mr. Carr owns and lives on a number one farm, containing three hundred and ten acres, situated

Henry L. Isgriggs and Descendants

three miles west from Washington, midway between the Wilmington and Plymouth pike. His house is built on a hill or elevation one hundred or more feet above the town of Washington. This is one of the most beautiful locations for building purposes in the county, being on the divide between the waters of Paint and Sugar creeks.

Mr. Carr, all his life, has been a very active, energetic industrious man; but few men in the county have performed so much hard labor as Mr. Carr. For a number of years past, he has devoted much time and energy in the late fall and early winter in the purchasing and shipment of hogs on commission for Cincinnati parties and elsewhere.

Mr. Carr, for years, has had certain interests which have called him west. He has been west thirty-eight times. All of these trips may not have been very remunerative, but some of them most assuredly proved very profitable, for it was thus that Mr. Carr secured a most estimable wife, which certainly is no small thing, especially for an old bachelor to do. In politics he is a Republican.

Johnson Township Washington County Missouri, USA

The Anomaly of William and John W. Isgriggs by Floyd Thomas Pratt F.H.C., M.A.G.I. 2014

In my early years of family history research circa 1975, when investigating the family of Madison "Uncle Matt" Isgriggs and Christina Catherine "Aunt Tennie" (**HARPER**) Isgriggs of Johnson Township of Washington County, Missouri, I was not as thorough and detailed in my research as I have become in my later years.

One individual in particular, now stands out with an error concerning his name and birth date and all of the other researchers have fallen for this error including myself. I now present this article to clarify and expel any additional perpetuation of this error so others in the future will not fall into the trap.

Our subject is John W. Isgriggs son of Matt and Tennie, listed above. Where we all went wrong, we overlooked some vital evidence in our research and believed the birth date as recorded in various documents by John over the years, which the day of the 29th may have been his and the month of August may have been his but the birth year of 1848 was not his...but his brother's birth date.

1845 Marriage of Madison "Uncle Matt" Isgriggs and Christina Catherine "Aunt Tennie" (HARPER)

[1] Washington County, Missouri Marriage Record Book "B", page 11

Mattison Isgregg and Christina Harper were married on 15 May 1845 in Washington Co., MO.

[2] Missouri Marriage Records, 1805-2002

[2] Missouri Marriages to 1850

Marriage County: Washington

Citing three sources we can conclude they were married on the 14th of May 1845 in Washington County, Missouri probably at her father's home.

The first born was daughter; Margaret "Maggie" Jane (**ISGRIGGS**) born near Undine, Johnson Twp, Washington, Missouri, United States on 1 January 1846.

The next child is the one many of us seemed to overlook and completely disregard concerning this family.

William Isgriggs was born near Undine, Johnson Twp, Washington, Missouri, United States in 1848.

Many will say are these two children in the 1850 census to support my claim? My answer is no and this is the reason...

ISGRIGS, Madison w m 28; Christina w f 23 [incomplete]

[Both born in Kentucky. Madison is a farmer.]

Research Note

Madison and Christina are the last entry on the last page (11) of the 1850 census of Johnson Township in Washington County, Missouri. It appears the census taker failed to list their children since he was out of page room and instead of writing them on the next page, which should have been page 159b, he omitted the children from the record. However, evidence of their existence is found in the 1860 census.

Consequently we do not have the children listed for the 1850 census. However, we are lucky enough to have the 1860 census.

1860 Federal Census age 12

Rock Spring Post Office, Johnson Twp, Washington, Missouri, United States, page 120, 23 July 1860, line 2; house 811, family 804

ISGRIGGS, Madison w m 36; Christianna w f 27; Margaret w f 14; **William w m 12; John w m 9**; Phebe w f 7; Mary w f 5; Eliza w f 3; Mahala w f 2

[Madison was born in Kentucky, Christianna was born in Virginia, the rest in Missouri. Madison is a farmer.]

As evident by this census we have 2 sons; one named William born 1848 and another named John born 1851 aged 3 years apart!!!

These are two distinct and separate individuals and should not be combined or confused as one child.

After this census William appears to disappear. I can find no evidence to his disposition and either William was his first name or his middle name. Checking the newspapers after the 1860 census might reveal what happened to him. He may have died in the civil war or died of a disease.

Since he is not with his family in the 1870 census would not necessarily indicate he died but he would have been 21 years old at that time and could have moved away and left home.

In the 1870 census we have the following...

1870 Federal Census age 19

Osage Post Office, Johnson Twp, Washington, Missouri, United States, page 10, 15 August 1870, line 3, house 67, family 67

ISGRIG, Madison w m 52; Catherine w f 43; **John W. w m 21**; Pheba w f 19;

Mary O. w f 17; Sarah E. w f 15; Mahala w f 12; George W. w m 9

[Madison was born in Kentucky, Catherine was born in Ohio, the rest were born in Missouri. Madison is a farmer. Living next door to Catherine's brother and sister-in-law; John Adams & Elizabeth "Beth" J. (**SUMMERS**) Harper family.]

Henry L. Isgriggs and Descendants

Two points with this census, first John exaggerates his age, which he is actually 19 and as previously stated, William is absent from the family. However, this is the first indication that John's middle name starts with a W. Highly unlikely his middle name is William since Mat and Tennie already named a son William!!!

Checking the neighbors in the 1870 census I found no reference to a William Isgriggs born 1848.

Shortly, after this census John married Miss Susan Franklin on 22 October 1871.

[1] Missouri Marriage Records, 1805-2002

Name: Mr John Isgrigg Marriage Date: 22 Oct 1871 Marriage County: Washington
Spouse Name: Miss Susan Franklin

He is even listed as Mr. John Isgrigg with emphasis on his first name of John.

In the subsequent census records a peculiar thing happens...John started out with a birth year of 1851 and he gets older as time goes on.

Date from the 1860 census states he was born 1851 in Missouri.

Date from the 1870 census states he was born 1849 in Missouri.

Date from the 1880 census states he was born 1848 in Missouri.

Date from the 1900 census states he was born August 1848 in Missouri.

Date from the 1910 census states he was born 1849 in Missouri.

Date from the 1920 census states he was born 1849 in Missouri.

Date from the 1930 census states he was born 1849 in Missouri.

Date from the death certificate states he was born 28 August 1848 In Washington County, Missouri.

Date from a newspaper death notice states he was born

Date from the funeral home records states he was born

Date from the headstone states he was born 29 August 1848.

Somehow, somewhere he changes his birth year to 1848 or 1849. Could it have had something to do with his marriage age, he being only 20 years old since he was born in 1851 and married in 1871?

Under Missouri law, females under the age of 18 had to have permission to marry from their parents or legal guardians and males had to be age 21 otherwise they had to have permission from their parents or legal guardians. Susan was only 16 when she married.

This could explain why he misrepresented his age and birth year all those years. I can concede maybe the 29th was his birthday and August may have been his birth month but 1851 as reported by his parents was his birth year.

In all of the census records he is listed as the following...

1860 listed as John

1920 listed as John W.

1870 listed as John W.

1930 listed as John W.

Henry L. Isgriggs and Descendants

1880 listed as John
1900 listed as John W.
1910 listed as John W.

Death Certificate listed as John W.
no picture of a headstone exists

Nowhere is he listed as a William. Checking the deed records for land transactions might reveal his full name also checking the local newspapers of social activities might reveal a middle name but until I can find proof of his middle name he remains John W. Isgriggs.

In conclusion, William Isgriggs born 1848 named after his Uncle William Isgriggs born 1810 and John W. Isgriggs born 1851 named after his uncle John B. Isgriggs born 1813 were two separate brothers and those of you who have combined them in your family records need to separate them and expand your Isgriggs family research to find John's middle name.

And change his birth date to 29 August 1851.

Research Note

There are two date for George's death on is 21 June 1895 and the other is 21 April 1901. I was unable to locate him in the 1900 census and on 11 Feb 1897 his widow; Georgiana "Anna" (**TURNBULL**) Isgriggs married Robert Alonzo Merritt. Either, George and Anna were divorced between the birth of daughter; Myrtle Agnes in 1893 and her marriage to Merritt in 1897 or Anna was a widow when she married Merritt. Checking the local newspapers from 1895 to 1901 might produce an article on George's death thereby solving this controversy and thereby might give us his burial location.

George married **Georgiana "Anna" (TURNBULL)**, daughter of **William Grant Turnbull** and **Catherine (FEA)**, on 11 March 1887. Georgiana was born on 5 May 1867 near Osage Post Office, Liberty Twp, Washington, Missouri, United States, died on 29 April 1944 in rural Johnson Twp, Washington, Missouri, United States at age 76, and was buried on 1 May 1944 in Fairview Cemetery, Courtois Twp, Crawford, Missouri, United States.

Isgriggs Family KY and MO - Fitzwater connections KBredbeck (View posts) Posted: 2 Dec 2007 1:46PM

Classification: Query Surnames: FITZWATER, BROWN, ISGRIGG, ISGRIGGS, LEMMON

My greatgrandmother inscribed a small bible to my mother when she was a little girl. In it she wrote that the bible had belonged to...her mother: Sophronia Fitzwater Brown, HER mother: Mary Isgriggs Fitzwater, and HER mother: Sarah Isgriggs

Henry L. Isgriggs and Descendants

My great-grandmother was Eary Brown, b. Feb 1880 in Sullivan Franklin Co., MO.

I did find a Sophronia Fitzwater, b. Washington Co., MO in 1837, but the Fitzwater researchers say she is the same woman who married Beverley Hansel in May 1880. In any case, my Sophronia listed her birth year as 1854 (which makes more sense for having an only child in 1880) in the 1900 census, where she is listed as Sophia J. What is interesting is that Sophronia Fitzwater, b. 1837 is the daughter of Jack and Bet (Isgrigg) Fitzwater. And Elizabeth "Bet" is the daughter of Henry and Sarah (Lemmon) Isgrigg. So it kind of fits...and kind of doesn't.

Does anyone know of any other Fitzwater - Isgrigg connections? Or of any Mary Isgrigg with a mother named Sarah? This mystery is driving me crazy. Thanks for your help.

Beverly E. Hansell and Jane G. Fitzwaters; married on 26 May 1880 by Rev. V. S. Carter at Crawford Co., Mo.; Note: The groom is Beverly C. Hansell. Beverly is the brother of my 2nd great grandfather, Henry H. Hansell. It is my suspicion that the C. stands for Carter. The V. S. Carter is most likely Valentine Carter, the father-in-law of Beverly's oldest sibling and brother John W. See census records for Crawford County, Boone Township 1860, 1870 and 1880 and 1910 Franklin County (Sullivan). Bride is usually given as Sophrona/Sophronia Jane Fitzwater, so do not know why the record shows. One of Valentine Carter's daughter's may have married a sibling to S. J. Fitzwater - see enumeration for Valentine Carter in 1880 Boone Township, Crawford County. In 1860 and 1870 Beverly is listed with parents Henry Hansel/Hansell and Susan A. (Pratt) Hansel/Hansell. - submitted by Byron Nelson

Research Note by Floyd Pratt

As you have probably already observed, when Beverly and Sophrina were married in 1880 she was 43 years old. I can not find any evidence that she may have been previously married. Looking at the 1840, 1850, 1860 and 1870 census indicated that Sophrina was living with her parents up until she married in 1880. In contrast, Beverly was 25 years old almost half her age. Why she waited so late to marry is unknown. Her age on the 1880 census has been overwritten not giving us a clear number. Also, is she had been married to William M. Brown, then why didn't she use the name Jane G. Brown on her marriage record? Since she used her maiden name, indicates maybe this is not the same woman if she and Brown had a falling out and she was

Hi Floyd,

I would love to see what you've written about Sophronia. Our information comes, among other things, from a bible given to my great grandmother Eary Brown by her mother. In it she (Eary) wrote that it was the bible of (her mother) Sophronia Fitzwater Brown and that her mother was Mary Isgriggs Fitzwater and her mother was Sarah Isgriggs. The Mary thing must be an error - It was Elizabeth.

I also have Sophronia's death certificate. Lists her parents as Fitzwater and Elizabeth Isgrigg.

I cannot find a record of the marriage....and William Brown is a bit of a mystery persona. Lots of family stories....nothing I have found indicates that any of them are even remotely true.

The thing about Sophronia marrying Beverly Hansel is a red herring. It can't be the

Henry L. Isgriggs and Descendants

same Sophronia. Eary was born in Feb 1880 and Bev and his wife (Jennie) are listed in May 1880. I can't find William and Sophronia in the census until 1900. It has occurred to me that Beverly and William might be the same person because they never seem to appear in the census at the same time, but the Hansel people seem to have a whole history for him....not that I have one for William....

William and Sophronia (Sophia) are listed in 1900, but I can't find them in 1910. Sophronia died on 12 Feb 1912.

Oddly - on William's death certificate, 26 Aug 1924, the family (Eary's husband) lists William's mother as Mary Isgriggs. I'm assuming this is an error and that he (Edward Dooley Preston) mixed up his father-in-laws mother's maiden name with his mother-in-laws....but I haven't been able to find William's family yet....so no clue.... Father listed as Henry.

If you know anything about William Brown, I would also be interested in hearing that. As I said, there are a lot of stories (he came from Ireland after killing a man, he ran off with a (black) serving girl and fathered a child at age 80). According to the census his parents were born in Louisiana and Kentucky. According to his death certificate he was born in Belleville, IL. He did remarry - to a woman named Anna. I can't find them in the census. In 1930 there is a boy named Homer W. Brown (age 11) living with my grandfather and his parents. He's listed as a roomer....but I have a feeling he might be the boy. Would love to know what happened to him.

Looking forward to seeing what you've found.

Katie, wow you have given me much more to consider before I finish my report. According to Sophrina's timeline, I think William and her separated and/or divorced after the conception date of May 1879 for Eary and before Eary's birth in February 1880. Three months later she married 25 year old Beverly "Ben" C. Hansell.

After my research so far, I am convinced we are dealing with one and the same Sophrina Jane "Jennie" (**FITZWATERS**) who married both William Brown and Beverley "Ben" C. Hansell.

I started this report to disprove your bible evidence but now I am a convert to this theory.

One thing bothers me, look at this...

1910 Federal Census age 63

[Beverly was born in Missouri his parents in Tennessee. Jennie was born in Missouri her parents in Kentucky. This is their first marriage been married 27 years and Sophia states she has had 1 child born and 1 is living.]

Henry L. Isgriggs and Descendants

Married in 1883, wrong, first marriage for both, wrong. She was born 1850, wrong. I explain in the report why she lied so much.

Of course the one child born and one child living is Eary Juanita (**BROWN**). I wonder if Beverly Hansell died after the 1910 census and Sophrina took back her married surname of Brown, which she uses on her death certificate in 1912? This make sense.

Question...

[1] You are a descendant of Rodney Truax Preston? or Karl Preston?

Katie, you have given me new evidence to decipher and consider so I am going to have to digest this information before I finish that report. In the meantime, I will keep you busy "catching up" on 38 years of Fitzwaters family research with some items.

Also, don't be so quick to dismiss Mary Elizabeth "Aunt Bet" (**ISGRIGGS**) Fitzwaters. We never have found both of her given names and it makes sense. 3 attachments: Henry L. Where did you get Juanita for Eary's middle name?

I am a descendant of Karl Preston. We visited the Rodney Preston cousins this summer in Missouri and they said the thing about Eary's middle name being Juanita and my mother insists that that is wrong. She had never heard it before this summer.

From Katie beita@gmail.com 2 October 2014 to Floyd Pratt

Attaching the death certificate. She was still married to William Brown at the time of her death. I'm sure of that. My grandfather remembered him living with them afterwards which is why there was this whole scandal with him running off.....which my mother thinks the other Prestons don't know about as Rodney was too young to remember.

Also the 1900 census in which William Brown and wife are listed in the census in Howell Co., MO. They state they've been married 26 years at that point. My mother has said that William and Sophronia moved Eary to the mountains when she was a child because she had TB and they thought it would make her well. This family has a story for everything. :) But that's where the Prestons were living.

I'm positive that William and Sophronia were married during Eary's childhood and adulthood.

I'll read your documents over the weekend.

Katie, see the following...

http://www.sos.mo.gov/images/archives/deathcerts/1960/1960_00025497.PDF

I disagree that William Brown and Sophronia were still married when she died. Because she was living with Beverly Hansell in the 1910 census, included in my notes.

I explain why she jumped from Brown to Hansell to Brown then to Hansell in my report I am preparing. Also, I believe Hansell died shortly after the 1910 census and then she moved down to Chafee from Sullivan to be near her daughter.

I think she had divorced both men but lived with them over a period of time. This explains how she could have married Hansell in 1880 and divorced him and by the 1900 census she is back living with divorced Brown in Scott County. Then she and Brown separated or divorced and she is back with Hansell in Sullivan by the 1910 census. Hansell family historians also believed she had some children with Hansell but I can't wrap my mind around that since in the 1910 census she states she only had 1 child born and living.{Eary}

Court records need to be researched in Franklin County and Scott County to find out the dates of her divorces.

She may have been living with Brown when she died but it does not mean she was legally married to him. If you notice on her death certificate, it was not Brown who was the informant but Eary. Also, she didn't want to be buried in Union Park Cemetery where Brown was eventually buried, she was buried in Rockview Cemetery in 1912 and when Brown died in 1924 he chose not to be buried in Rockview near her but in Union Park Cemetery.

From Katie beidak@gmail.com 3 October 2014 to Floyd Pratt

My mother insists that the Rodney Preston family invented the middle name Juanita because it was the name of Rodney's wife and there was some brotherly dispute in relation to the marriage...which I still don't quite understand. It would be good to find another record.

I will look forward to reading your report...a back and forth marriage/relationship would make a certain amount of sense with the mystery surrounding William Brown....but I am having a hard time wrapping my head around Rodney/Karl not knowing any of it ...although there does seem to be a certain precedent for keeping secrets. The brothers were very close and my mother remembers getting together with her cousins every year for many years until the brothers stopped speaking. The feud wasn't ended until Karl's death. Karl (my grandfather) did share a lot of the family "secrets" with my mother....so I'm curious why this one would not have been

Henry L. Isgriggs and Descendants

mentioned.

The separate burials can't be taken as evidence of a divorce before Sophronia's death....because he remarried after her death, his second wife is mentioned on his death certificate....

Not that I'm saying you are wrong....just that what he did AFTER she died isn't evidence of what happened before she died....

From Floyd Pratt floydpratt59@gmail.com to Katie beita@gmail.com 4 October 2014

Katie, Ok, granted but let me bring you up to date so you can keep up with my current research.

[1] Homer Wilson Brown living with the Prestons in the 1930 census is the son of William M. & Annie (LOWE) Brown living in the Kelso Township, Scott County, Missouri in the 1920 census as age 2.

[2] William's wife Annie on William's death certificate stated he was born in Belleville, Illinois. In the 1920 census, William states he was born in Indiana as were his parents, but look at that census and you can see originally Illinois was written in the spaces for his birth state and Indiana was written over the Illinois.

[3] Also, Annie on William's death certificate stated he was a carpenter, in the 1920 census he is listed as a carpenter.

[4] We know William died in 1924 in Scott County, also it appears Annie (LOWE) Brown may have died before the 1930 census since 12-year-old Homer Wilson Brown is living with his step-sister's family by 1930.

[5] Annie's birth surname Lowe was obtained from the Lowe Family tree on ancestry.com but she only used the 1920 census as a source.

[6] Don't get confused with the additional children in the 1920 census, i.e., Tillie Brown born 1899 and William Brown born 1901, these children may not have been William's but Annie's from her previous marriages.

[7] Also, William Brown was showing signs of extreme senility as stated on his death certificate for years before he died. This is why he was not consistent with his birth state and even stated he was born in Louisiana and we now know Annie born 1872 was born in Louisiana per the 1920 census.

[8] If this senility was prevalent throughout his adult life, then this would be a good reason why Sophronia could not handle him on a full time basis and helped out with him in short spurts of time during their tenure.

[9] Homer evidently moved to Scottsdale, Maricopa County, Arizona where he died in February 1970 according to his SSDI.

Henry L. Isgriggs and Descendants

[10] Due to Sophrina's elderly age, she was 63 by the 1900 census, she too may have been suffering from an alimant since she waited until age 33 before she married William M. Brown circa 1873.

[11] My reasoning for that statement is her inconsistencies with birth years throughout her census records and jumping back and forth from Brown (1873) to Hansell (1880) to Brown (1900) to Hansell (1910) to Brown {1912}. I am sure her daughter; Eary had a great deal of influence on Sophrina's decisions concerning her spouses. Eary had a vested interest in her mother staying with Brown.

[12] After Sophrina married Hansell in 1880, I am convinced they divorced or separated shortly thereafter, maybe the responsibility of raising an infant was too much for Hansell but I believe Sophrina and Brown got back together sometime after 1880 and the proof of this union is in the 1900 census where they are living together...again.

[13] However by the 1900 census, the Prestons had left Howell County and moved to Springfield.

[14] After the 1900 census, Sophrina had had enough of Brown and they separated...again and she went back to Hansell who cared and represented a safe haven for her as evident in the 1910 census until he died or they separated again and she moved down from Sullivan to Chaffee.

[15] At the age of 73+ she was not in the best of health and I am sure Eary wanted her mother to be near her in Chaffee so she could look out for her. Evidently, Sophrina "hooked up" with Brown in Chaffee and as you had stated, Brown lived with the Prestons at the time of Sophrina's death in 1912.

[16] Brown now free from any marital encumbrances, met, courted and married widow; aged 38+ Annie (LOWE) sometime between 1915-1917 when son; Homer Wilson Brown was born in 1918.

[17] They are together in the 1920 census with Homer.

[18] Anna Annie (LOWE)'s previous married name might be discovered in the 1910 census maybe with daughter; Tillie (Matilda) and son William. I really don't think they belong to William since William is with Sophrina in the 1900 census of Howell County and they do not have a daughter named Matilda or Tilley.

So now you are up-to- date with my research so far. As I continue to fill in the "holes", I will keep you informed. Especially looking for William M. Brown born 1848-1865 in either Missouri, Illinois, Indiana and points unknown. Floyd

I have a few points, regarding the following numbers above:

- 1) I have the 1920 census as well. I agree that the older children are probably Annie's. I would suspect that their name in earlier census records is not Brown. Homer is not Eary's step brother - he's her half brother. I can't see the information on Ancestry.
- 2) The informant on the death certificate for William Brown wasn't Annie - it was Edward Dooley Preston - Eary's husband. Same as Sophronia. I've attached the file.
- 13) I don't have a current Ancestry subscription - there is an 1876 state census for Franklin county. Have you checked to see if William and Sophronia appear there?

And a few questions:

- You mentioned William and Sophronia married ca 1873 - what's the source there? Eary wasn't born until February 1880. Is that the 26 years from the 1900 census? I have the same estimated date, but I don't have any evidence other than the statement in the census.
- May 1880 - The marriage record for Beverly and his wife calls her Jane G. Fitzwaters - what's the source that says this individual was Sophronia? Is it just the 1910 census?
- June 1880 - Beverly Hansel and wife Jennie appear in the Crawford Co. census. Where's Eary? She would be 4 months old. And where is William Brown in the census.....
- 1900 - William and Sophia appear in Howell Co. Where is Hansel? I would love to find either man without a wife during the intervals that you are suggesting they had been deserted by Sophronia? The fact that the two men never appear in the census during the same year has always made me wonder if they were one and the same.
- One word about the marriage dates in the census: Obviously, if your theory is correct both couples were lying left and right in the census. Was she married to both of them simultaneously? If she was divorced from either man then the 26/27 years listed in the census is inaccurate. 1910 - the 27 isn't really right to begin with - you would think that 30 years even would be easy enough to remember. Why say 27?

From Floyd Pratt floydpratt59@gmail.com to Katie beita@gmail.com 5 October 2014

Katie, Thanks for your inquiries, it shows me you are paying attention. The definition of step-brother and half-brother are the same. However, if you prefer the definition it's ok.

Henry L. Isgriggs and Descendants

Since you can't see my tree on ancestry.com I have invited you as a guest.

After I sent that email I realized I had the informant wrong you are right it is Edward.

Concerning the 1869 State Census of Franklin County, there is a William M. Brown large family but he is 46 years and older. 1876 census has a 5 year old William Brown and a 42 year old William Brown not your guy. Since Sophrina's family lived in the New Rock community, near the Hansells and Carters of Boone Township, Crawford County, then this is where she probably was married and by Rev. Valentine S. Carter.

The 1900 census marriage of 26 years (1874) has to be bogus since Eary wasn't born until 1880. This leads me to believe that maybe Sophrina had some sort of mental deficiency and suffered from memory impairment.

Byron Nelson a descendant of the Hansell family and an extreme researcher on those lines, is responsible for 80% of what I know about the Hansell family. Back in the 1980's he and I corresponded very heavily, just like you and I are doing and his research notes stated it was common knowledge that Beverly Hansell married Sophrina Jane "Jennie" (**FITZWATERS**) daughter of Jack and Elizabeth who lived in the community.

I have not heard from him in years and maybe you can Google his name and get in touch with him and see what new information he has learned about the Hansell family since he and I corresponded. He lived in Chicago.

I did an extensive exhausting research looking for Brown and Eary in the 1880 census using all forms of name variations and unfortunately he and she could not be found. This is common with newborn infants, the parents didn't always list them with the census-taker. So, I believe she was with Beverly and Sophrina and was not listed.

I think the failure to find single, divorced or separated unhappy ex-spouses in very common in the census arena. I have found until single men marry, they disappear from the grid, then "pop" up out of nowhere with a family. Separated and divorced men sometimes leave the relationship in shame, disgrace and/or humiliation and even sometimes they are wanted by the law for some sort of misdeed. They too fall off the grid and seldom surface in the same locale. Getting away from all the people who knew you and your wife, when you divorce, is still a common practice today.

Bonnie and I lived in Florida for 20 years and just moved to Colorado to be near the grandchildren in April of this year. While we lived in Florida, we met many people male and female who were "healing" from a broken relationship and you would not believe how far they traveled to "escape" those bad memories.

Concerning the marriage dates, census age dates and other information, I am convinced either William, Sophrina or both of them suffered from some sort of mental deficiency. Waiting until you are 33 years old to marry, would fly in today's society due to school, career, and other activities putting off marriage until one "sows their oats" is acceptable and proper.

Henry L. Isgriggs and Descendants

However, in the 1870's if a single girl did not get married by age 13-16 then there was something wrong with her...in the eyes of the social community, where she lived. Especially, those rural church going, God fearing, socialites would and always put pressure on these daughters to marry and bear grandchildren. It was very important that these daughters married and took their "place" within the community unless...they had a health issue.

I think this is what we are dealing with here. If you could have interviewed Eary, before she died and knew what questions to ask, I am sure she would have told you about some sort of health issue her mother had to deal with.

The only issue you and I are aware of is her inability to bear children, other than Eary. If a man marries a woman and she can not produce children, back in the day, this was grounds for a divorce...even if it wasn't the woman's fault!

Women and/or wives, during the 1800's were thought of as cattle and property owned by the husband and required to service him in all his needs. This type of archaic attitude gave rise to the women's suffrage movement and rightly so.

So, you and I can speculate for hours, why they misrepresented so much information in all the documents we have for these people and we are probably wrong in our assumptions.

Based on the facts, this relationship between Brown-Fitzwaters and Hansell was and is still not a normal relationship. Only by locating divorce records in Crawford, Franklin, Howell and Scott counties can we know for sure if they ever divorced.

In 1987, as an adult, when I confronted my birth mother as to why she divorced my father when I was 1-year-old, and gave me up to him to raise, while she ran off to sing in the nightclubs of New Orleans, her reply was..."it was just one of those things". Totally unsatisfactory answer, but the kind of answers you get from relatives concerning acts they have done or acts of omission.

So even if Sophrina was alive today to talk to you, you might not get a straight answer.
Floyd

From Katie beita@gmail.com 5 October 2014 to Floyd Pratt

I agree - the speculation can only ever be just that. I do try in my research to avoid concocting stories based on speculation. I don't think the answers here will ever really be known.

I'm concerned about the "common knowledge" thing with Sophronia and Beverly. That's all I've ever heard as evidence of Sophronia's connection to Hansel. Kathryn Fitzwater Devine and I had this same debate 5-10 years ago and she ended up being convinced that the Hansell - Fitzwater connection was most likely an error as the source all seemed to be coming from an old family tree on Familysearch.org and there was no actual source connected with it.

Henry L. Isgriggs and Descendants

Sophronia's mental deficiency = Speculation. Marrying late was rare, yes....unheard of no.....I have quite a few of them in my tree. Sophronia was the oldest daughter and it is also possible that it would have been her responsibility to care for young ones at home. She also might have been unattractive in some way other than being unhealthy or mentally deficient or just not inclined to marry. There are a host of reasons why she might not have married earlier - and we'll never know the right one.

I'm not aware of Sophronia's "inability to have children." = That's more speculation. There are a host of reasons why Eary might not have had siblings. Sophronia may have had an inability to have children. William Brown might have had an inability to have children. William Brown was a scoundrel and kind of crazy and perhaps prone to disappearing for periods of time....which may also have contributed to them only having one child. She also may have known how to prevent pregnancies if William Brown was that difficult. Having more babies would only have made her life more difficult. Eary was known to have some not-from-school medical knowledge - I have no idea where she learned it. There are host of reasons why there might not have been more children and we'll never know the right one.

Eary was a fiercely independent, self-taught woman who ended up being the Justice of the Peace in her community. More speculation, but I think it's more likely that her fortitude came from the decisions her mother was making than from the ones her father was making.

I have also researched the census extensively looking for William and Sophronia and Eary in 1880 as well as William as a child. I have had no luck, but I'll definitely let you know if I find anything new. Don't know if you noticed but in browsing page by page in the Meramac Twp 1880 census I found that there are entire pages that were filled out with first initial and last name only as well as pages that are completely washed out and illegible.

I have had the same thought about the single men in the census - especially William Brown, intentionally not being counted. I still wish I could find them.

I think you should check your definitions of half-siblings and step-siblings. They are actually quite different. Half-siblings biologically share a single parent. Step-siblings do not biologically share either parent but are siblings because the parents married after their birth.

From Floyd Pratt floydpratt59@gmail.com to Katie beita@gmail.com 6 October 2014

Katie, when a man marries a woman and she gives him a child (Eary) he probably expects more will come. When Hansell married her in 1880, maybe he expected some children. When a woman does not give birth for the first 43 years of her life, then for the next 32 years of her life she is barren, then I imagine this could have been to topic of some arguments. If you noticed I previously stated, maybe it wasn't Sophrina's fault but Brown's and Hansell's.

Also, if Sophrina was born in 1837 as 3 census records, Hansell family report, and

Henry L. Isgriggs and Descendants

Edward on the death certificate stated 1836, then starting in the 1870 census onward she becomes confused.

I think she was a highly uneducated woman and REALLY didn't know when she was born and as her years waned onward, she lost the ability to remember and/or she really didn't care.

In order for you to bring closure to this woman's life, you are going to have to make a road trip. I had a brick wall back in the 1980's and had to make a "road Trip" to breakdown my brick wall. I wrote a course on the subject explaining my methods, procedures and techniques of research to help researchers breakdown their brick walls. Enclosed is a catalog of those courses.

You need to find court records and actually look into the marriage books since ancestry.com has missed pages of marriages and is not a reliable source. Also, you need to check deed records, probate and the local newspapers in the locale where Sophrina lived.

Sophrina is in the 1900 Howell County census with William Brown, her mother was sick and Sophrina wanting to help moved up to Crawford County where her mother was and Elizabeth died in 1906 in Boone Township. Then Sophrina probably met Hansell again and he talked her into staying with him; hence she is with him in the 1910 census of Sullivan.

Howell County needs their divorce records reviewed, same for Crawford and Franklin. This is going to require a road trip. Take your trip when you are young, because if you wait until you retire, you will not have the energy to visit all the places you will need to go.

I am positive in one of those courthouses lies some of the answers to our multitude of questions concerning this woman's life. Floyd

Due to the convoluted lifestyle of Sophrina and so many unanswered vital questions, I have decided to suspend my article "**Sophrina Jane "Jennie" (FITZWATERS) and HER Alleged Husbands**". Until I can verify key aspects of her life I am not ready to complete my article. Floyd

That sounds reasonable. I just started a new job and between that and a second part time job and two kids I decided I needed to not think about sophronia for a few days. :) I wasn't sleeping. Unfortunately I was just in Howell county over the summer to visit the Preston cousins who we hadn't seen since our last trip in 1993. We visited some Preston sites but I wasn't thinking about Sophronia at the time. Hopefully it

won't be 20 years before the next visit. :). I'll let you know if I figure out anything else.

Research Note

With all the help and assistance I gave Katie (**BREDBECK**) Thurst, never once in her emails did she thank me for helping to make some sort of sense out of the life of her 2nd great grandmother; Sophrina Jane "Jennie" (**FITZWATERS**). After all the hours of research done on her family's behalf, you would have thought she might have been somewhat grateful. I even gave her Family Group Sheets, Cradle to Grave reports (C2G), even a free M.A.G.I. course and still no thank you. This is the chance you take with some people when you voluntarily offer unsolicited assistance. I have run across these people before, and you hope to find grateful people thankful for your help and if not, you still do the help because someone else will be thankful for your assistance. Therefore, I have suspended my research on this project and have now shifted my focus on other important issues. Floyd Thomas Pratt F.H.C., M.A.G.I. 7 October 2014

Henry L. Isgriggs and Descendants

Beverly E. Hansell and Jane G. Fitzwaters; married on 26 May 1880 by Rev. V. S. Carter at Crawford Co., Mo.; Note: The groom is Beverly C. Hansell. Beverly is the brother of my 2nd great grandfather, Henry H. Hansell. It is my suspicion that the C. stands for Carter. The V. S. Carter is most likely Valentine Carter, the father-in-law of Beverly's oldest sibling and brother John W. See census records for Crawford County, Boone Township 1860, 1870 and 1880 and 1910 Franklin County (Sullivan). Bride is usually given as Sophrona/Sophronia Jane Fitzwater, so do not know why the record shows. One of Valentine Carter's daughter's may have married a sibling to S. J. Fitzwater - see enumeration for Valentine Carter in 1880 Boone Township, Crawford County. In 1860 and 1870 Beverly is listed with parents Henry Hansel/Hansell and Susan A. (Pratt) Hansel/Hansell. - submitted by Byron Nelson

Research Note by Floyd Pratt

As you have probably already observed, when Beverly and Sophrina were married in 1880 she was 43 years old. I can not find any evidence that she may have been previously married. Looking at the 1840, 1850, 1860 and 1870 census indicated that Sophrina was living with her parents up until she married in 1880. In contrast, Beverly was 25 years old almost half her age. Why she waited so late to marry is unknown. Her age on the 1880 census has been overwritten not giving us a clear number.

Research Note

Evidently Beverly "Ben" C. Hansell may have died after the 1910 census since wife; Sophrina Jane "Jennie" G. (**FITZWATERS**) Brown Hansell moved down to Chaffee, Kelso Township. Scott, Missouri, United States before her death in 1912. This move was logical since her daughter; Eary Juanita (**BROWN**) Preston was living in the same town with her family. Also, Sophrina took back the Brown surname even though William Brown and her had divorced sometime after the 1900's.

Find A Grave Errors

As usual, those who post information on Findagrave fail to do serious research on their postings. They either take the information from an unreliable death certificate or from an equally unreliable headstone. The only reason I bother to list the FAG postings in my C2G profiles is to validate the burial location of the deceased. All other information unless researched by a qualified family history researcher...supported with documentation and source references is questionable and should not be taken as accurate. The above FAG posting is one of those with errors and should not be considered factual. Floyd Thomas Pratt F.H.C., M.A.G.I.

Research Note

Laura and Lettie are living with their grandparents on their mother's side. This is evident as

Henry L. Isgriggs and Descendants

stated on Laura's Illinois Death Index stating her mother was Laura Isgregg. Since William and Violet (**SILVERS**) Isgriggs state in the 1880 census they are Lettie's grandparents would indicate Laura (**ISGRIGGS**) was their daughter whom married Hiram English circa 1860-1862. Also, William states Laura and Lettie were born in Missouri.

Until we can locate some newspaper articles to determine what happened to Hiram and Laura (**ISGRIGGS**) English, including their marriage record, no one on ancestry.com has any data on this couple or their demise.

1821 State of Missouri Created

The land that is now Missouri was acquired from France as part of the Louisiana Purchase in 1803 and became known as the Missouri Territory on June 4, 1812. The southeastern portion of the territory was admitted into the union as the State of Missouri the 24th state on August 10, 1821. As other states were created from it's huge territorial boundaries, Missouri settled on its present shape as it is found today.

1839 Good Friends

by Floyd Thomas Pratt F.H.C., M.A.G.I. 2008

It should be noted here that Rinard Kimberlin was a good neighbor and a friend to the Henry Pratt family.

When the Pratts arrived in eastern Crawford County in March 1839, they moved into Richwoods Twp, Washington, Missouri after their ordeal on the "Trail of Tears". They settled near the Kimberlins and struck up a good friendship.

When James Pratt married Rinard's daughter, Catherine in 1847-1848, James probably told Rinard that he wanted a piece of property near Rinard or Catherine told James to buy some property near her parents either way, **it was against** the law for indians to own or buy land.

Rinard bought the land, the James Pratt family settled on from Firmin Desloge and 3 weeks later sold 24 acres of the 105 acres to his son-in-law, James Pratt.

Rinard did the same for his daughter, Mary after she married Alexander Pratt...James' brother. After James became a property owner it was easier for James and Alexander to pass themselves off as a white man even though they were ½ Cherokee. This led to Alexander's land purchase two years later in May 1856 from William & Martha Hughes which he later sold to the Ambrose Marion Pennock family from Ohio in 1859.

FAMILY OF JACOB ISAAC AND NANCY (JOHNSON) HARMAN

Jacob Isaac Harman (Jonas, Isaac "the first") was born in Pendleton County, April 9, 1827; died December 21, 1903; married Nancy Johnson, daughter of John Page Johnson. She was born April 12, 1824; died December 30, 1854.

He married (2) Mary Burgess, daughter of Edwin and Ellen (Isgrigg) Burgess. She was born September 7, 1848.

Jacob Isaac went to Chicago vicinity after leaving Pendleton County but because of the prevalence of malaria there he decided to follow the family to Missouri. He came to Sullivan probably about 1848. The tree under which he camped upon reaching the outskirts of Sullivan stood until after 1930. He settled on White Creek near Anthonies Mill.

He used to tell his grandchildren of the expansive view of the country and of how they could see the deer feeding on the hills miles away. Though a capable farmer, he made his living with his blacksmith shop. Most of his sons and some of his grandsons followed this profession. His homestead is still in the family and its present owner is John Harman.

1827 Birth Location for Jacob Isaac Harmon by Floyd Thomas Pratt F.H.C., M.A.G.I. 2009

Pendleton County, Virginia was created on 4 December 1787 from parts of Augusta, Hardy, and Rockingham Counties of Virginia and named for Edmund Pendleton, a distinguished statesman and jurist of Virginia. Pendleton County borders the southern region of the Virginia-West Virginia state line.

The state of West Virginia was admitted to the Union on 20 June 1863 with a total of fifty counties. This new state was formed due to the protest of it's citizens against Virginia's acceptance as a confederate state. The Allegheny Mountain range seperated the two regions and the citizen's of

Henry L. Isgriggs and Descendants

West Virginia wanted their own form of government.

Randolph County, Virginia was created October 1786 and borders Pendleton County. When West Virginia was created in 1863, Randolph County also became part of West Virginia.

After Jonas and Catherine (**WOLFORD**) Harmon's marriage around 1817-1818 in proposed Pendleton County, they show up in the 1820 Pendleton County, Virginia census. However, a contingent of Harmon families left Pendleton County and moved to neighboring Randolph County, Virginia.

Pinpointing Jacob Isaac Harmon's birth location has generated some confusion because we do not know when the Jonas Harmon Sr. family moved from Pendleton to Randolph County. Checking the deed records of Pendleton County may shed some light as to when Jonas sold any land, if he owned any, and left the region.

The 1830 Federal Census commenced on 1 June 1830 and was to be recorded for 6 months with extensions up 12 months. Jonas & Catherine (**WOOLFORD**) Harmon family show up in Randolph County, Virginia after 1 June 1830. So, without a marker of some kind to designate their departure, we are not exactly sure where Jacob Isaac Harmon was born in Pendleton or Randolph County, Virginia.

1845-1849 Marriage of Jacob Isaac Harmon and Nancy (JOHNSON)

Isaac Harmon and Nancy (**JOHNSON**) were married between 1845 and 1849. Since she is mentioned in the "**Forest Hills and Vicinity**" book as Nancy, and her birth and death date do not coincide with Eliza W. (**JOHNSON**), then I figure she may have died in childbirth before 1849. It appears Nancy and Eliza W. (**JOHNSON**) were sisters. Jacob Isaac and Eliza W. (**JOHNSON**) were married on 10 September 1849 so, all of the children born after 1849 until Eliza died in 1863 belonged to Eliza W. (**JOHNSON**) Harmon.

FAMILY OF JACOB ISAAC AND NANCY (JOHNSON) HARMAN

Jacob Isaac Harman (Jonas, Isaac "the first") was born in Pendleton County, April 9, 1827; died December 21, 1903; married Nancy Johnson, daughter of John Page Johnson. She was born April 12, 1824; died December 30, 1854.[**Error**]

He married (2) Mary Burgess, daughter of Edwin and Ellen (Isgrigg) Burgess. She was born September 7, 1848.

Jacob Isaac went to Chicago vicinity after leaving Pendleton County but because of the prevalence of malaria there he decided to follow the family to Missouri. He came to Sullivan probably about 1848. The tree under which he camped upon reaching the outskirts of Sullivan stood until after 1930. He settled on White Creek near Anthonies Mill.

He used to tell his grandchildren of the expansive view of the country and of how they could see

the deer feeding on the hills miles away. Though a capable farmer, he made his living with his blacksmith shop. Most of his sons and some of his grandsons followed this profession. His homestead is still in the family and its present owner is John Harman.

Research Note

The Forest Hills and Vicinity report is full of errors. If Jacob Isaac did marry a Nancy (**JOHNSON**) as the report claimed then she died between 1845 when Isaac would have been 18 years old and before he married Eliza W. (**JOHNSON**) on 10 September 1849 in Washington County, Missouri. It appears Nancy and Eliza were sisters. All the children credited to Nancy are actually Eliza W. (**JOHNSON**)'s children. Eliza W. Johnson died between 1863 and 1865 in Washington County, Missouri. He married Mary E. (**BURGESS**) between 1865 and 1866 because their daughter; Margaret "Maggie" (**HARMON**) was born 6 June 1867.

Research Note

There seems to be some discrepancy involving daughter Vergel and son Fredrick Carter listed above in the 1900 census. Even though William & Cynthia (**BURGESS**) Carter have stated they are their children, in the 1910 census these two children are now listed with William's brother; Allen Carter and family as their children. If they do belong to Allen and Margaret, then why aren't they listed with their parents in the 1900 census? The problem is that this Vergel is listed as a daughter and the Virgil in the 1910 & 1920 with Allen Carter is listed as a son. Two different people? Also, why did Cynthia state she had had 5 children born when it looks like 10 and only 5 are living...maybe they misunderstood the question.

John was born on 27 May 1821 in Harmon Hills, Pendleton, Virginia, United States and died from 1870 to 1880 near Cuba Post Office, Liberty Twp, Crawford, Missouri, United States at age 49.

1821 Birthblock of John W. Harmon son of Jonas M. Sr. and Catherine (WOLFORD) Harmon

John W. Harmon was born in Harmon Hills, Pendleton, Virginia, United States on 27 May 1821.

1821 State of Missouri Created

The land that is now Missouri was acquired from France as part of the Louisiana Purchase in 1803 and became known as the Missouri Territory on June 4, 1812. The southeastern portion of the territory was admitted into the union as the State of Missouri the 24th state on August 10, 1821. As other states were created from it's huge territorial boundaries, Missouri settled on its present shape as it is found today.

Pendleton County, Virginia was created on 4 December 1787 from parts of Augusta, Hardy, and Rockingham Counties of Virginia and named for Edmund Pendleton, a distinguished statesman and jurist of Virginia. Pendleton County borders the southern region of the Virginia-West Virginia state line.

The state of West Virginia was admitted to the Union on 20 June 1863 with a total of fifty counties. This new state was formed due to the protest of its citizens against Virginia's acceptance as a confederate state. The Allegheny Mountain range separated the two regions and the citizens of West Virginia wanted their own form of government.

Randolph County, Virginia was created October 1786 and borders Pendleton County. When West Virginia was created in 1863, Randolph County also became part of West Virginia.

After Jonas and Catherine (**WOLFORD**) Harmon's marriage around 1817-1818 in proposed Pendleton County, they show up in the 1820 Pendleton County, Virginia census. However, a contingent of Harmon families left Pendleton County and moved to neighboring Randolph County, Virginia. Pinpointing Jacob Isaac Harmon's birth location has generated some confusion because we do not know when the Jonas Harmon Sr. family moved from Pendleton to Randolph County. Checking the deed records of Pendleton County may shed some light as to when Jonas sold any land, if he owned any, and left the region.

The 1830 Federal Census commenced on 1 June 1830 and was to be recorded for 6 months with extensions up 12 months. Jonas & Catherine (**WOOLFORD**) Harmon family show up in Randolph County, Virginia after 1 June 1830. So, without a marker of some kind to designate their departure, we are not sure where Jacob Isaac Harmon was born in Pendleton or Randolph County, Virginia.

1829 Crawford County, Missouri organized

Crawford County was organized from Gasconade County in 1829 and named after Georgia Senator William H. Crawford, former United States Secretary of War and Secretary of the Treasury. When Crawford County's boundaries extended to include most of Phelps and part of Dent counties, the county seat was located at the mouth of the Little Piney River. The current County Seat of Steelville was laid out in 1836.

Obituary of Mary Hyde in the Sullivan Sentinel

Mrs. Mary Hyde, familiarly known as Grandma Hyde, was born in 1827 and died at the residence of her son-in-law, T. B. Rutherford, In Sullivan, Mo., October 15, 1908, after a long illness. She was twice married, her first husband being Hulett Hughes. To this union 7 children were born, 4 of whom are living. They are Washington Hughes of Minnesota, Mrs. Nanie Parr of Texas, Mrs. Amanda Wright of Oregon, and Mrs. T. S. Rutherford of Sullivan. Her second husband was Judge John Hyde, one of the pioneer settlers of the Meramec country, who died some 40 years ago. To this union 6 children were born. They are Jefferson Hyde of Virginia, John Hyde and Mrs. Susan Springer of Sullivan and Mrs. Laura Rutherford of St. Louis, who with her daughter Lucille attended the funeral.

The eight children with a large number of grandchildren and great grandchildren and a host of friends and acquaintances hold her in precious remembrance.

In early life she made a public profession of religion and for many years was a member of the Methodist church, and in active life a very earnest Christian worker and at all times a true follower of the Master. Sweet in spirit, patient in suffering, explay in life, ready and hopeful when the Master called her home.

Funeral services were conducted by the writer at the Rock Church, her old church home, Friday afternoon, October 16th and burial in the cemetery near by beside other members of her family.

The services were largely attended by relatives and sympathizing friends and old neighbors.

Grandma's favorite hymn for many years was:

How firm a foundation, ye saints of the Lord,
Is laid for your faith in his excellent word,
What more can he say than to you he hath said,
To you, who for refuge to Jesus have fled?
The soul that on Jesus still leans for repose I will not,
I will not desert to his foes,
That soul though all hell should endeavor to shake,
I'll never, no never, no never forsake.

James R. and his wife, Margaret Elizabeth "Maggie" (Hughes) Reeves lived on a farm between Bourbon, Missouri, and the Meramec River. Her headstone at Rock Cemetery is made of beautiful onyx taken from an onyx cave which is little known, located between Rock Cemetery and Dowler Mill (nr. Bourbon). Cave entrance is gained by means of a very small shaft-like opening. The Reeves at the time planned to market its magnificent onyx. She died of measles, followed by typhoid pneumonia. 7 of her children were living at the time of her death.

Concerning the Death of Nancy Jane (KIMBERLING) Clark Hibler

By Floyd Thomas Pratt F.H.C., M.A.G.I. 2014

For over 30 years, Nancy's death date and California location has been stated on the Internet without any explanation. Other than a death date of 30 October 1875 and someone stated she died in California this is all any of us knew concerning the circumstances of her demise.

Henry L. Isgriggs and Descendants

It now appears, son; Charles Henry "Hy" Hibler made a trip from Boone Township, Crawford County, Missouri where he was living with his mother; Nancy and wife; Savilla and daughter; Nancy in the 1870 census to Amador County, California as evident by the California Voter Registers, 1866-1898 placing him in Amador County in 1875. This record states the following...

1875 California, Voter Registers, 1866-1898 (ancestry.com)

Name: Charles Henry Hibler Residence Year: 1875 Residence Place: Amador, California Age: 27 Birth Year: abt 1848

Since Charles Henry Hibler was born in 1848 in Missouri and they used his full name, this record scores a high probability he is one and the same, son of Daniel and Nancy Jane (**KIMBERLING**) Clark Hibler.

Since his mother; Nancy Jane (**KIMBERLING**) Clark Hibler died according to Internet sources, on the 30 October 1875 in California, would indicate she made the trip with him and evidently died in Amador County, California where he was living in 1875.

Usually, individuals did not make the long trek to California alone and since his mother went along, would indicate maybe Charles took his wife Savilla j. "Bea" (**HUGHES**) Hibler with him as well as daughter; Nancy and maybe several others accompanied them on this journey.

The care and consideration for womenfolk took a priority when crossing the western plains. Food, provisions and money as well as protection from the elements and hostile fortune seekers would have required a large contingency of men and supplies for the trip.

Nancy would have been 60+ years and the hardship would have been unbearable however, the opportunity of seeing new lands and places as well as obtaining a better life would have been a powerful draw.

To compound the interest of the Crawford County neighbors further, if Charles was motivated by gold fever, then it would have been easy to acquire supporters and fellow adventurers as evident by the following article.

The following was taken from http://en.wikipedia.org/wiki/Amador_County,_California

Amador County, California was created by the California Legislature on May 11, 1854. The county later split into Amador, Calaveras and El Dorado Counties. It was organized on July 3, 1854. In 1864, part of the county's territory was given to Alpine County.

The county is named for Jose Maria Amador, soldier, rancher and miner, who was born in San Francisco in 1794, the son of Sergeant Pedro Amador (a Spanish soldier who settled in California in 1771) and younger brother to Sinforosa Amador.

In 1848, Jose Maria Amador, with several Native American, established a successful

Henry L. Isgriggs and Descendants

gold mining camp near the present town of Amador City. In Spanish, the word amador means "one who loves." Some of the Mother Lode's most successful gold mines were located in Amador County, including the Kennedy, Argonaut and the Keystone.

"The Luck of Roaring Camp" is a short story by American author Bret Harte. It was first published in the August 1868 issue of the Overland Monthly and helped push Harte to international prominence. Harte lived in this area during his "Gold Rush" period, and possibly based the story in a mining camp on the Mokelumne River.
[end]

Since several national publications were focusing on the gold issue in California, these stories of get-rich-quick scenarios dominated the talk of small town America. Tens of thousands ventured westward looking for their fair share of wealth in the hills of California.

Several Crawford County fortune seekers including my own relatives made those treks westward only to find disillusionment and disappointment.

How long Charles and company remained in Amador County is unknown, however after the death of his mother, and with gold prospects diminishing, I am sure some of their ensemble voiced a desire to return to Missouri and we do know they returned to Missouri sometime before 1879.

After an unsuccessful attempt to strike it rich, and we know this because of several factors...first they did not remain in California and I am sure they found all the gold was in someone else's bank. Second when Charles and troupe returned, Charles wife; Savilla could have possibly contracted an illness from the trip since she died on the 6th of November 1879 in Boone Township, Crawford County, Missouri.

And the third and most striking evidence they did not strike it rich, is in the 1880 census of Boone Township, Crawford County where Charles and daughter Nancy are living with his in-laws; Judge John Taylor Sr. and Mary "Polly" (**ISGRIGGS**) Hyde family.

Judge John Hyde is Mary "Polly" (**ISGRIGGS**) Hughes' second husband. John Hulet Hughes was her first husband and father of deceased daughter; Savilla j. "Bea" (**HUGHES**) Hibler wife of Charles Henry "Hy" Hibler. If Charles had money, he would have bought property.

There you have it, Nancy Jane (**KIMBERLING**) Clark Hibler's burial location is still unknown but I am sure investigating the newspapers of Amador County, California in 1875 would produce an article concerning her disposition.

I was able to produce all this information based on a piece of luck by discovering the California Voter list while preparing my latest book...

These property transactions are but a slice of all the transactions Daniel Hibler made during his lifetime. I counted over 20 just in the U.S. General Land Office Records alone not including the Saint Louis (city), Missouri Deed Records or the private transactions in Franklin, Washington and Crawford Counties. It appears Daniel Hibler was a powerful and influential land mogul.

1931 Obituary of Sarah Catherine Rutherford

[Newspaper unknown]

"She tarried not for gifts of earthly love, but as spirit fingers with immortal flowers, have betwined her path to Heaven."

Sarah Catherine Rutherford, daughter of Hulett and Mary Isgriggs Hughes was born in Crawford County, Mo., April 26, 1849 and departed this life at the Missouri Baptist Hospital, St. Louis, Mo., August 23, 1931 having reached the wonderful age of eighty-two years and four months. Our hearts overflow with thanksgiving to God for such a life as hers lived in our midst.

Early in life she became a member of the Methodist Episcopal Church and her faith in God was manifested her whole life through. Her influence, like the current of a mighty river which gathers to itself many lesser streams, will be felt in the lives of all whose happy privilege it was to know her.

At the age of twenty-one she was married to Thomas Scott Rutherford. To this union were born six children. Mrs. Rutherford was a devoted wife, mother, grandmother and great-grandmother. She gave much time and loving thought to her home and reared to successful manhood and womanhood one son and three daughters. And she enjoyed unbound happiness in the company of her grandchildren.

Her husband and three children, Mary, Etta, and Dr. W. S. Rutherford, preceded her to the Eternal city. Dr. Rutherford, the only son, upon whom she leaned heavily after the death of her husband, died December 1930. This loss to her was irreparable. From the affairs of this life she quickly turned her thoughts and eagerly awaited the call to join her loved ones who had gone on before. Singular indeed, her summons came to her at the same early morning hour it did her son just eight months before and on his birthday.

Surviving are three daughters, Maude Dumeler, Seneca, Mo., Emma Dyer, Sullivan, Mo., and Elsie Gieseke, Chaffee, Mo., six brothers and sisters, Amanda Wright, Oregon, Nannie Parr, Texas, W. W. Hughes, Oregon, J. D. Hyde, Michigan, Laura Rutherford, St. Louis, Mo., and J. Hyde, Sullivan, Mo., six grandchildren, little Nancy Rea

Rutherford, a number of other relatives and a host of friends.

Funeral service was said by the Rev. H. S. Bond of St. Louis, Tuesday afternoon at her home which she maintained though she lived with her daughter, Mrs. Dyer, during her declining years. She was laid to rest by the side of her husband in the Odd Fellow's Cemetery.

Mrs. Rutherford was the highest type of American womanhood--generous, gracious, beautiful, loyal and steadfast in her devotions to God and always thoughtful of others. Her sweet personality made of every acquaintance a friend. Mrs. Rutherford was indeed a precious woman. To have known her and to have lived for a time in the glory of her smile -- for that we are eternally grateful.

"We needs must mourn our blighted flower, with nature's fond affection, Yet in bereavements saddest hour, We fly to Christ our strength and tower, We hear his words of love and power, I am the Resurrection' " A Friend

Research Note

Should be noted in the 1860 census Thomas is a President of a bank and his real estate value is \$110,000. Whatever, investments he made during the Civil War years in the 1870 census his real estate value has shrunk to \$80,000 as reported in the 1870 census. This means he lost \$30,000 in real estate value over the 10 year period during the war years.

Partition Suit filed on Annex Hotel Real Estate

A suit to partition property occupied by the American Annex Hotel and Grand Opera House, in St. Louis was filed last week by Mrs. Agnes R. MacKenzie, one of the heirs of the estate of Thos. S. Rutherford, which owns the property. Mrs. MacKenzie's lawyer reports that the purpose of the suit is for the eventual sale of the property.

The property was rented for 105 years in 1910 by the Middleton Theatre Company at a rental of \$16,000 per year and taxes.

The Middleton Company, however, after improving the property with an 11 story hotel building, was, through financial difficulties, forced to relinquish the property and surrender it to the heirs. At that time arrangements were made for the operation of the hotel under the direction of Mrs. MacKenzie's husband, F. A. MacKenzie.

Defendants in the suit, who are heirs of the Rutherford estate are Mr. and Mrs. A. C. Leake, Mr.

1916 Obituary of Thomas Scott Rutherford

The Sullivan News [no date]

Thomas Scott Rutherford was born in St. Louis in 1843 and died at his home in Sullivan March 2, 1916, after a few days illness of pneumonia. His father, also named Thomas Scott Rutherford, was a native of Scotland and his mother was Lucile Tison, of French descent.

The subject of this sketch was educated in St. Louis and Scotland. His father at one time owned much of the land on which St. Louis is now located and the family has seen its development from a small town to its present size and importance. The family consisted of three sons and four daughters. The two surviving daughters are Mrs. Lucille Bingham of New York and Mrs. Adele Farrar of Washington D. C., one son John Rutherford of St. Louis. His father had planned to put his eldest son and namesake in business in St. Louis, but he chose farming, being a great lover of nature and out-door life. After coming to Crawford County he purchased the farm that is known as Hyde Bend, where he spent the greater part of his life.

He married Sarah Catherine Hughes who survives him. They were the parents of six children, four of whom are living, namely: Walter S. Rutherford, Mrs. Emma Dyer and Miss Elsie Rutherford of Sullivan and Mrs. Maud Duemler of Seneca. Mary died at age 19 and Etta in infancy.

Mr. Rutherford was reared in the Episcopal Church but after coming to the farm he and his wife united with the Methodist Church.

He was a member of the Odd Fellow Lodge of Sullivan. On retiring from active life on the farm Mr. Rutherford moved his family to Sullivan a number of years ago, but it was his chief pleasure to hunt and fish and live close to nature. He was also fond of reading and was a well informed man on many subjects.

The funeral was held at the Episcopal Church Saturday afternoon, March 4, the rector, the Rev. Oscar Linstrom conducting the service. A quartette sang some favorite hymns. The burial service was held at Odd Fellow Cemetery and the members of the order performed the burial rites.

1875-1876 Marriage of Lorenzo Jefferson "Lonnie" Parr and Nancy "Nanny" Ellen (HUGHES)

Research Note

It appears they were married either in Crawford County or Saint Louis (city) Missouri since son; Frederic was born in 1877 in Missouri. Nancy's mother and step-father remained in Crawford County during the 1870 & 1880 census but Lonnie's parents floated back and forth from Missouri to Texas and back to Missouri and in the 1870 census Lonnie and parents were living in the Meramec Twp, of Saint Louis (city), Missouri since Saint Louis County had not officially been organized until 1877. Even though the locale where they lived was located in what became Saint Louis (county), they were officially still within the boundaries of Saint Louis (city).

Since her parents lived in Crawford County it is customary to marry in the locale of the bride's parents. However, they could have gone into Saint Louis (county) to marry to be nearer his parent's locale which means their marriage record could be recorded in the books of Crawford, Saint Louis (county) or Saint Louis (city), Missouri.

1877 Childbirth of son; Frederic "Freddie" Parr

Frederic "Freddie" Parr was born in Missouri, United States in 23 October 1877.

Research Note

It should be noted Freddie's headstone states he was born 23 October 1870. this is incorrect since we have the 1880 census to verify he was born in 1877. Also, his parents were not married in 1870, Lonnie age 16 was living with his parents in the 1870 census of Meramec Twp, of Saint Louis (city), Missouri, which would have been located in the County, and Nancy age 14 was living with her parents near Cuba Post Office, Boone Twp, Crawford, Missouri, United States. Therefore, his parents did not even know of each other in 1870 and were yet to get married for at least 5 years. Thus, Freddie was born 23 October 1877.

Virginia, I have run across an article concerning the life of John Taylor Hyde Sr. written by the Sullivan News date unknown. In this article the author states the following...

"John Hyde also settled part of what is now the T. S. Rutherford farm and the Rob Cox farm. He gave old Mr. Lynch, Calvin Lynch's father, a fine mare for clearing a field on what is now ' the Rutherford farm. John Hyde married the second time to Mary Hughes (nee Isgrig), July 27. 1858.

They also lived on the farm where he first settled. To this union were born six children: Susan I. (Mrs. J. W. Springer) Sullivan, Mo., Jefferson Davis Hyde, Chula, Va. Fannie Lee, (Mrs. B. F. Crow) dead, Laura Ann, (Mrs. John Rutherford) St. Louis, Mo., Emily J. Hyde (died while young), John Hyde, Jr., Sullivan, Mo. John Hyde died Nov. 22, 1894, aged 91 years, and is buried on the home place. Mary Hyde, his wife died in Sullivan Oct. 15, 1908, aged 81 years."

I had located his home cemetery back in 1985 and have written an article concerning my experiences with my research. I have attached that article for your perusal.

THE PETER PINNELL FAMILY

Peter Pinnell was born "on the banks of the Cataba River" near Greenville, S.C., in 1755 and died, June 3, 1845 at the home of his son, Hiram, at Oak Hill, Mo. He married Nancy Yarber who was of Dutch ancestry but further data unknown. She died Jan. 20, 1843 on the Pinnell farm at Brush Creek. Before his marriage he had served two years with the South Carolina troops in the Revolutionary War. He enlisted Nov., 1781 to serve under Wade Hampton in a company of cavalry but as there were not enough troops he was turned over to Col. Wayman's Regiment of state troops (S.C.) In the fall of 1782, after the British had taken Charleston, he was turned into foot service under Col. Ennis. This service lasted until the proclamation of peace in April, 1783. However, after this he was selected as one of four taken from each company to serve under Lieu. Mallard. Their duty was to guard the goods from Charleston to Augusta that had been given to the Cherokees.

In 1804 the family, now consisting of nine children removed to Livingston County, Ky. on the Green River. Previously Peter and his son, Asa, and several other male relatives had ridden horseback from Greenville to find a suitable location for settlement. They liked the Green River valley and decided on this site. They filed their claims, stayed throughout the spring and summer of 1804, cleared the land and erected log cabins. Then they returned for their families. The Pinnells did not come alone but were a part of a great migration of families into Kentucky. All made the trip in ox carts. Among this group were the Holloman and Elder families (Peter's two eldest daughters' husbands) and the Zeiglers. Many of this wagon train followed the Pinnells to Missouri. Mr. Royall Pinnell states: "according to the old almanacs the winter of 1808-9 was an extremely severe one for that part of Kentucky and there was a great drough in the spring and summer of 1809-all of this may have been a contributing cause to their dissatisfaction and desire

Henry L. Isgriggs and Descendants

to move on to other places." In 1808 the Pinnells removed to Christian County, Ky. In 1818 the family, now consisting of fifteen children and many grandchildren, came to Crawford County and settled "on the Meramec River in the eastern part of the county. In the spring of 1839 they removed to the farm on Brush Creek. (now occupied by W. T. Powell)"

Jefferson D. Taylor, grandson of Peter, recorded much that is known of the early family. Among his notes was one in which he says: "...Peter Pinnell is buried at a small burial ground that lies just east of highway 19 and ten miles north of Cuba. I, Jefferson D. Taylor, caused a monument to be erected at his grave which I hope will last for years. In that monument I placed a glass jar containing family pictures and records together with other things of interest to our relatives and friends." (This jar has never been found though it may be deep in the concrete base.)

Fifteen children of Peter and Nancy (Yarber) Pinnell: (All these came to Crawford County with their parents)

I. Carrie, b. 1785; married William Holloman; no children

II. Nancy, b. 1788; married John Elder and "left a large number of descendants in southern Illinois."

III. Asa, b. 1791; d. in Manes Co., Mo. in 1871

IV. Hiram, b. 1793; d. 1864

V. Wesley, b. Feb. 3, 1794

VI. Louis (Lewis) b. 1796

VII. John, b. 1798

VIII. James, b. 1801

IX. Polly, b. 1802, "married as first wife of Judge John Hyde."

X. Jeremiah, b. 1804, "who served as captain in the Union Army and who migrated to Illinois after the war."

XI. Wiley, b. 1805; married Matilda Huff of Laclede Co., Mo. He was murdered by the Indians near Herman, Mo. three months before his son Wiley (Jr.) was born. He was buried on the banks of the Missouri River midway between Herman and Jefferson city. This Wiley Jr. is grandfather of Royall Pinnell of Mesquite, Texas. Wife, Matilda later married Tom Atwood.

XII. Phoebe, b. 1808.

XIII. Peter (Jr.) b. 1809. His family went to Arkansas and then on to California. From here his family scattered all over the West.

XIV. A daughter, b. 1810

XV. Richard, b. 1811

Hiram came with his parents to Crawford County in 1818 but two years later he returned to Kentucky and farmed until he returned to Missouri in 1829 when he settled in Washington Co. When only nineteen he enlisted for service in the War of 1812 and he was one of the youngest officers in that conflict. He was discharged in 1814. The U. S. Archives state he was a staff officer to Gen. Andrew Jackson, fought at the Battle of New Orleans and was present at the surrender of the British after this engagement. For this service he was granted lands of his choice after the land act went into effect. He chose 640 acres along Brush Creek. He was the first settler in this area and his home was the first in what later became known as "Pinnell Settlement." A small "fort" or stockade was here built as protection against the Indians. Goodspeed states that "Indians and all kinds of game abounded but signs of civilization, for many miles in all directions, were scarce." When Hiram's father and mother, Peter and Nancy, became infirm with age, they moved in with Hiram and Phoebe and finished their long lives near Oak Hill.

Royall Pinnell of Mesquite, Texas is the authority for Pinnell information. He has spent years in research, he organized the famous Pinnell Family Reunions and he publishes a monthly Pinnell news/letter that ties hundreds of the family together in happy acquaintanceship. He has compiled

Henry L. Isgriggs and Descendants

the major part of the Pinnell Genealogy. Due to his enthusiasm, Pinnell pride is a force that stretches from coast to coast. All quotations in this chapter are his. He generously lent his manuscripts to the author for this book.

From the Sullivan news 1914-09-03

Hyde Bend ' Two previous , installments on the early settlement of Hyde "Bend have appeared in the News. An error occurred in one of them. Captain John P. Hibler of the Union Army was there called "James T." Hibler. We are unable to explain the mistake but wish to correct it. Any account of Hyde Bend would certainly be incomplete which did not give a sketch of the man for whom it was named. The records of Crawford county show that John Hyde served as county judge in 1850-51. He was called "Judge" Hyde thereafter. The date of the Hyde family coming to Crawford county in 1813, over one hundred years ago, probably fixes the date of the earliest settlement of that locality. If any records of previous settlers can be found we would like to know of them. The following little biography is furnished by Mrs. J. W. Springer, one of Mr. Hyde's daughters. "John Hyde was born, August 23, - 1803, in North Carolina. When ten years old, he, with his father, mother, brother and sisters, came to Crawford county and settled a place on the Mera-mec River near what is now the Ennor Ford. The place is known as the Old Burgess place, now owned by Mr. E. Crow, "In the year 1820, John Hyde and his brother, Elijah, went with their father on the Gasconade to settle claims. They went in two ox wagons and took what they thought they would need. They worked and cleared land. "When they ran out of food the two boys brought one wagon and returned home after more food. They left their father at work on the claims. It took the boys quite a while to make the trip in the ox wagon, so on their return they camped over night near the hut where their father was. The next morning when the sons arrived at the hut they found their father murdered. They supposed that he was murdered by the Indians, as the country was full of them at that time. The sons tracked the Indians for some distance but were afraid, so they brought everything and returned to their mother.

"John Hyde married Mary Pinnell, Aug. 14, 1825. They had six sons and three daughters: John Wesley, Benjamin Franklin, Alexander S., Eliza Green, Elizabeth Jane; Hardy Elijah, Flavious Clark, Katherine Hardy, and Elias Bascom Hyde. When last heard of, Bascom and Eliza were living. Bascom was at Butte, Montana, and Eliza Teal was in California.

"When married John Hyde settled about a mile from the Meramec River on the farm now owned by O. L. Jones. A part of the old house still stands. "John Hyde went to California in 1852 in company with William and Hulet Hughes and Levi Mitchell. He went blind in the year 1853 and was brought home by his son, Benjamin Hyde, in 1854. His wife died July 20, 1854.

John Hyde also settled part of what is now the T. S. Rutherford farm and the Rob Cox farm. He gave old Mr. Lynch, Calvin Lynch's father, a fine mare for clearing a field on what is now the Rutherford farm. John Hyde married the second time to Mary Hughes (nee Isgrig), July 27, 1858.

They also lived on the farm where he first settled. To this union were born six children: Susan I. (Mrs. J. W. Springer) Sullivan, Mo., Jefferson Davis Hyde, Chula, Va. Fannie Lee, (Mrs. B. F. Crow) dead, Laura Ann, (Mrs. John Rutherford) St. Louis, Mo., Emily J. Hyde (died while young), John Hyde, Jr., Sullivan, Mo. John Hyde died Nov. 22, 1894, aged 91 years, and is buried on the home place. Mary Hyde, his wife died in Sullivan Oct. 15, 1908, aged 81 years.

Research Note

Should be noted in the 1860 census Thomas is a President of a bank and his real estate value is \$110,000. Whatever, investments he made during the Civil War years in the 1870 census his real estate value has shrunk to \$80,000 as reported in the 1870 census. This means he lost \$30,000 in real estate value over the 10 year period during the war years.

1935 Residency at Franklin County Infirmary, West Park Avenue, Union, Union Twp, Franklin, Missouri, United States

In 1916, Franklin County began construction of the new "Poor Farm" building (which was given the more pleasing name of "Infirmary") to replace the old county farm situated on what is now Old County Farm Road. In 1952, the county gave up their operation of the infirmary and it was rented to a couple who conducted it as a private nursing home. In 1968, the county sold the buildings and for many years this facility has been known as the Sunset Nursing Home. In 1946, the decision was made to stop burying the unwanted dead at the old county farm cemetery and a new cemetery was platted near the infirmary, just below the hill. Several interments were made there but soon thereafter the city decided to make a through street leading to the fair grounds. It was at this time, the unfortunate decision was made to simply pave over the cemetery site and the few known bodies interred there still remain under the street.

John married **Anna "Annie" Eliza Rose**, daughter of **Abijah B. Rose** and **Ruth Lucinda Jones**, on 23 April 1899 in Richwoods, Richwoods Township, Washington, Missouri, United States. Anna was born on 23 May 1878 in Bonne Terre, Perry Township, Saint Francois, Missouri, United States, died on 7 September 1964 in Bonne Terre, Perry Township, Saint Francois, Missouri, United States at age 86, and was buried in September 1964 in Parkview Cemetery, Farmington, Saint Francois Twp, Saint Francois, Missouri, United States.

Ruth Lucinda (**JONES**) Rose died in Bonne Terre, Perry Twp, Saint Francois, Missouri, United States on 27 April 1888.

1894-1895 Marriage and/or relationship with _____ and Anna "Annie" Eliza (ROSE)

1896 Childbirth of daughter; Hazel Virginia (_____)

Hazel Virginia (_____) was born in Bonne Terre, Perry Twp, Saint Francois, Missouri, United States on October 1896.

Research Note

Should be noted, Hazel Virginia (_____) was born several years before her mother Anna married John Taylor Hyde Jr. in 1899. This proves John Taylor is not the father of Hazel however, out of courtesy he gave Hazel his surname, which she used in the 1900 and 1910 census even after Anna and John were divorced. Hazel's marriage record to Elbert Preston Wilson in 1915 has not been located yet so we don't know what name she used at that time. Also, Elbert in the 1930 census states he is a widower, which could be another way of saying divorced because I could not find a listing for a death certificate for Hazel Wilson after 1920 and before 1930. Therefore, at this point unless we find a marriage record between _____ and Anna "Annie" Eliza (**ROSE**) circa 1894-1895 we can not identify the father of Hazel.

1898 Death of father; Abijah B. Rose

Find A Grave Errors

As usual, those who post information on Findagrave fail to do serious research on their postings. They either take the information from an unreliable death certificate or from an equally unreliable headstone. The only reason I bother to list the FAG postings in my C2G profiles is to validate the burial location of the deceased. All other information unless researched by a qualified family history researcher...supported with documentation and source references is questionable and should not be taken as accurate. The above FAG posting is one of those with errors and should not be considered factual. Floyd Thomas Pratt F.H.C., M.A.G.I.

John Wesley Isgriggs Obit

Crawford County Mirror, Steelville, MO

John W. Isgrig, the eldest son of the late George W Isgrig, and Mrs. Peninah Isgrig, of this city, died Jan 6, 1908, at Shreveport, La., after an illness of two weeks. Wesley, as he was better known, was born and reared in Crawford county and was educated in Steelville, but made his home in Shreveport for the last seven or eight yers, where he had built up a good business as builder and decorator. He leaves his aged mother, two sisters, and one brother, one son and three daughters to mourn his death, which falls heavily on his mother, who is now in her 79th year, as she lost her daughter (Margaret) last June. Much sympathy is extended the bereaved relatives. Karyndd64 originally shared this on ancestry.com

Find A Grave Errors

As usual, those who post information on Findagrave fail to do serious research on their postings. They either take the information from an unreliable death certificate or from an equally unreliable headstone. The only reason I bother to list the FAG postings in my C2G profiles is to validate the burial location of the deceased. All other information unless researched by a qualified family history researcher...supported with documentation and source references is questionable and should not be taken as accurate. The above FAG posting is one of those with errors and should not be considered factual. Floyd Thomas Pratt F.H.C., M.A.G.I.

John next married **Mary Jane "Mollie" (HILL)**, daughter of **John Brittle Hill** and **Sarah Elizabeth (MIDEL)**, on 12 March 1879 in Washington, Missouri, United States. Mary was born on 17 January 1859 near Rock Spring Post Office, Johnson Twp, Washington, Missouri, United States, died on 23 February 1944 in 4137 Peck Street, Saint Louis (city), Missouri, United States at age 85, and was buried on 26 February 1944 in Pacific City Cemetery, Pacific, Boles Twp, Franklin, Missouri, United States.

Cradle to Grave (C2G) Profile for Mary Jane "Mollie" (HILL) by Floyd Thomas Pratt F.H.C., M.A.G.I. 2014

In harmony with the first law of genealogy or family history research, i.e., documentation, I submit my famous Cradle to Grave (C2G) Profile on this subject including all known documentation presented for the serious researcher. This has been done to help family historians continue in their pursuit of family history knowledge without a duplication of effort. All I ask is that you acknowledge my contribution to your family history research. My gift to you...Floyd Thomas Pratt F.H.C., M.A.G.I.

Research Note

According to her parent's marriage record they were married on 22 October 1858 in Crawford County, Missouri. This is 3 months before Mary Jane was born. Since the marriage record is not open to interpretation, and Mary Jane's birth date is, then in the 1860 census she is listed as 1 year old. Mary Jane's subsequent census records are consistent with a 1859 birthdate and her death certificate states she was born 17 January 1859. With this preponderance of evidence it appears her 17 January 1859 birth date is valid.

A Little Something About Your Author.....

Floyd Thomas Pratt, F.H.C., M.A.G.I.

At the age of 19, Tom Pratt embarked on a career in law enforcement. This experience gave him training in detective and investigative skills. Little did Mr. Pratt know, how useful these skills would be in the field of genealogy.

Tom Pratt started his family research career in 1975 after becoming a member of the Church of Jesus Christ of Latter Day Saints. His first calling as a new member was to serve in the newly created genealogical department or known today as the Family History Center in the Springfield, Missouri ward. This two-year calling gave Mr. Pratt a tremendous amount of experience helping others to research their families.

In fact, he felt family research came easy and required little effort on his part. In reality, years of reading and studying increased his expertise and he made it look easy to others.

Over the course of several years, Mr. Pratt was asked by his church to instruct several family history courses. This experience established a deep profound love for family and ancestors.

It was not uncommon for Mr. Pratt to spend 4 to 8 hours a day researching and compiling family histories in addition to his duties, as an entrepreneur in the insurance business.

The first major achievement for Mr. Pratt was a breakthrough on his Pratt family back to the early 1800's. Not satisfied with just the direct line research, Mr. Pratt branched out to research all connected lines and allied families.

This dedication led to 42,000 individuals and achieved expert status for Mr. Pratt on the families of middle and eastern Missouri, eastern and western Tennessee and central North Carolina.

Concerning Mr. Pratt's style of research, he is a strong supporter of the "hands on" approach. When he took family vacations, they usually went to libraries, cemeteries, courthouses, National Archive centers, and visited family members in various states. He attended multi-state family reunions and obtained his material from the actual sources when possible.

A Little Something About Your Author.....

Being a researcher of the highest degree, in 1991, Mr. Pratt formed the Pratt Publications Company and offered to the public, a series of books titled, The Pratt Progenitor Papers. This series of volumes are a collection of legal documents, stories, pictures and historical presentations concerning the families of Missouri, Tennessee and North Carolina.

The first three Volumes were released to the public in 1991 and were issued to 18 different libraries including the Library of Congress and the St. Louis Public Library. The next 7 volumes were published with at total of 43 volumes scheduled for publication.

In 1996, Mr. Pratt formed the Genealogical Institute to further the education of serious researchers.

The Genealogical Institute offers a series of educational materials to teach and instruct the uninitiated in the procedures of family history research. These courses offer "a hands on" curriculum designed to instruct in investigative, deductive reasoning and logical procedures for tracking your family history.

Beginners and experienced researchers have found a treasure chest of knowledge when undertaking these courses. Mr. Pratt has taken the hobby of genealogy and has enhanced it into a science. Heavy on instructions concerning documentation, research procedures, alternative sources and common public records, this course is a valuable tool for the researcher. One of Mr. Pratt's favorite sections of the course is teaching researchers "how to stop" researching and compile their information for publication.

Upon completion of the educational courses from the Genealogical Institute, the graduate is awarded the **Master Accreditation of the Genealogical Institute. (M.A.G.I.)**

This designation is equivalent to a Doctorate Degree and signifies the recipient has been trained and demonstrated superior research techniques.

Mr. Pratt's ability in family history research has amazed many educated researchers. When Mr. Pratt is asked for help concerning their "brick wall" in their family research, his quick wit and logical mind rapid fires instructions and procedures so fast they cannot write the material quickly enough. Little do they realize this knowledge has been acquired over 30 years of experience and research.

In June of 2000, Mr. Pratt undertook a new and unprecedented task.

Outside of Washington, Franklin County, Missouri is an old cemetery called the Johnson-Caldwell Cemetery. This cemetery has many pioneer heroes and ancestors of various descendants from that region. Some of the inhabitants were born in the 1750's and traveled west to Missouri after the 1803 Louisiana Purchase.

A Little Something About Your Author.....

Mr. Pratt took down all the information off the headstones, including every person in the cemetery and researched each individual related or not. 1000 man-hours and two years later, he published the book "Johnson-Caldwell Cemetery of Franklin County, Missouri"© 2001.

Obtaining newspapers, legal documents, personal interviews with ancestors and researching various sources for any and all information concerning the history of the cemetery and the inhabitants produced this master text. What makes this book stand out among the rest is basic content and structure.

First, it is the only book to cover the known and reported inhabitants of an entire cemetery.

Second, this book reports on each inhabitant, their birth and activities throughout their life until their death, including their ancestors, spouses and children.

Third, even the index is unique, listing the individual and their father's name if known. This is extremely helpful when several individuals have the same given name.

Upon examination, professional researchers have hailed this body of work as a masterpiece and a standard in which all future research of cemeteries should be based. In their opinion, no one has ever produced a body of work about a cemetery as unique and professional as this publication.

Currently, Mr. Pratt is working on a series of books from the [Pratt Archive Collections](#), which is a series of biographical publications concerning a progenitor and a generation of descendants. This collection is a "cradle to grave" report, which covers the subject's ancestry, birth, marriage, children, and geographical domiciles as well as the political environment during the subject's lifetime.

In addition, Mr. Pratt is working on additional volumes of the Pratt Progenitor Papers and several books on public records.

With all these accomplishments, Mr. Pratt humbly refers to himself as a Genealogical Anthropologist...resurrecting progenitors.

We in the genealogical world are deeply grateful to be associates of a man of Mr. Pratt's caliber. Through his dedication to helping the novice as well as the professional researcher, future generations will benefit by his advances in the genealogical field.

In addition, we are thankful for the inspiration that sparks men like Mr. Pratt to magnify their love for people and history. We feel, with a lifetime dedicated to the genealogical pursuit of truth and knowledge, Mr. Pratt's accumulative body of work, will stand as a quintessential manifestation of this divine love.

Lewton Cole, Chairman
Genealogical Institute

GENEALOGY ETIQUETTE

1. Do not give copies or reproduce the information you received from the compiler or author without written permission.
2. In your research efforts if you are able to advance the research, then reciprocate by sharing your research information with the compiler.
3. Use the information you receive as a starting point for your research of your families.
4. If you decide to use information you have received, in a book, document or research material, be sure to acknowledge the author or compiler of that material.
5. All inquiries by third parties for a copy of the material should be forwarded to the original compiler or author.
6. Do not loan or share your information, family heirlooms, special documents, one of a kind, pictures, or irreplaceable materials to non-professional researchers or family members. These types of materials seen to disappear or become damaged.
7. Make copies of important documents or materials when at libraries and be sure to write the name of the book, source, letter or film with the author's name and page number and year of publication.
8. Genealogy work that is not documented is of little value. Remember, you are leaving a trail for those who follow. If future researchers have to verify your work, then of what value is your work?
9. Collect family stories from those relatives who are still alive. This is a short cut to your past and they hold a world of knowledge about your family.
10. Do not try to finance all your research alone. Ask for financial assistance from interested family members.

Remember, the family history information that is so easily exchanged today by computer was acquired over years and years of on-site research. While many were engaged in raising families, working for income, and surviving, genealogist researchers did these things **AND** spent their free time in pursuit of the truth about their ancestors. This pursuit required great sacrifice of time, effort and money. Many researchers went to the actual locations to view the marriage, deed, death and birth records including visiting the cemeteries across the United States and foreign countries. This is why it is important to follow the above guidelines; by doing so, you give respect to their work and honor to their memory. Thank You.
